PRINCIPAL’S MESSAGE

It’s a Great Day to be an EAGLE! As a member of the Eastside family, you are bestowed with the privilege and responsibility of continuing the tradition of EAGLE PRIDE that has distinguished Eastside High School. Continuing this legacy entails a daily investment of yourself towards positive growth to reach your fullest potential. There is no such thing as an unimportant person or an unimportant day at Eastside!

At Eastside, we are fully committed towards accomplishing the mission of the Newton County School System (NCSS) for providing educational excellence for all students. As such, our two non-negotiable goals are to increase student achievement and to provide more effective teaching. We will continue to build the capacity of personnel to deliver high quality instruction by utilizing research-based instructional strategies during lessons, building a foundation of background knowledge for our students throughout the school day, and by providing greater integration of technology in classrooms.

At Eastside High School, teachers will focus on work centered around instruction and its outcomes for our students. This vision will be accomplished by the use of an on-going question-asking and action steps model. Answers must be provided for these questions in order for us to meet our goals:

- What do we want students to know, do, and understand?
- How do we best engage students in the learning?
- How do we know if students know, do, and understand what we want?
- What do we do when students don’t know, do, and understand what we want?
OUR ACTION STEPS TO STUDENT SUCCESS will provide answers to the above questions.

- **Step 1**: Pre-analyze data aligned to the Georgia Performance Standards/Georgia Assessments.
- **Step 2**: Deliver standards-based instruction using: RBIS, BBK, and Technology.
- **Step 3**: Conduct common assessments (formative and/or benchmarks) aligned to Georgia Performance Standards.
- **Step 4**: Analyze common assessment results to check for mastery.
- **Step 5**: Implement Georgia Performance Standards-based tiered remediation and enrichment.
- **Step 6**: Check for mastery and then repeat the cycle.

As the educational landscape continues to change, we will continue to provide a safe, meaningful learning environment at Eastside. For our graduates to be competitive in any endeavor after graduation, we realize the importance of providing a **rigorous** and **relevant** education that equips students with the skills and knowledge to be successful. We encourage our students to participate in the high school experience by taking advantage of all available resources at Eastside to support their academic, athletic, and artistic performances. Also, parents and community members are invited to invest themselves in the education process as we continue to grow Eastside High School as a treasured and vital component to the community of Newton County.

Sincerely,

**Jeff Cher**
**Principal**

PROM
Prom Packet: A Prom Packet will be issued upon payment of ticket(s). All students attending Prom must return the Prom packet by the announced due date. The packet includes a Prom Contract for each ticket holder, an Information Form, and may include a Visitor Prom Permission Form, if you are inviting a non EHS student. Female ticket holders will be required to turn in printed photos of themselves in their dress of choice for approval. The printed photos MUST be full length, (head to toe), with a front view and a (head to toe) back view. Photos that do not meet these requirements will not be accepted. Photos will not be returned, no exceptions. Any student attempting to change their date listed on the forms must make such changes no less than 10 school days prior to Prom; otherwise a new date will not be approved. Eastside High School reserves the right to deny any date request.

Deadline: Failure to turn in the Prom Packet ON TIME will result in forfeiture of all tickets and monies paid with no exceptions. Incomplete packets will not be accepted!

Dues: Junior and Senior Dues are separate from Prom but are required to be paid in full before the Prom ticket is issued.

Discipline: Prom is a privilege, not a right. Therefore, any student who has received any out-of-school suspensions or more than two in-school suspensions will not attend Prom.
**Attendance:** All students who are planning to attend Prom must be in attendance at school for at least one-half of the school day on the Friday before Prom. Any student not in attendance on the Friday before Prom will not be admitted to Prom. No refunds will be given.

**Entrance to Prom:** Each ticket holder will sign in at the sign in table prior to entrance into the Prom. A photo ID, which shows date of birth, will be required for any non EHS student that attends. No person over the age of 20 will be admitted into Prom. **Anyone not in the originally approved attire submitted with Prom Packet will be turned away at the door and will not be admitted.**

**No refunds will be issued.** Students are expected to stay until the Prom King and Prom Queen have been announced at approximately 9:30 p.m. Any student who leaves Prom during the evening without approval will not be allowed to return. All Prom activities will end at 11:00 p.m.

**Attire:** **Dress code for the Prom is separate from the overall school dress code and approval is at the discretion of the prom committee members.** We do accept the fact the formal wear for the female students may be a bit more “revealing” (spaghetti straps and off-the-shoulder wear) than allowed by regular school dress policy. However, it is very important that the formal attire meet a high standard of decency. Dresses that reveal too much of the body around the chest, stomach, navel, lower back and sides are not appropriate. Holes or cut-outs in the dress are not permitted. Covering up an unacceptable dress with a shawl or coat will still not make it acceptable. Slits or splits in clothing must be modest (at the knee) and exposure of the lower back must be no further than the waistline. **If there is any question about the appropriateness of the attire, or if you are unsure about the modesty of your attire or your date’s attire, please see the Prom advisor, Ms. Nickson, or her advisory members, prior to purchase for approval.** This is a school-sponsored event and we must maintain a level of appropriateness in the way students are dressed for the Prom. Gentlemen are expected to be dressed in formal attire (tuxedos or suits). **Any student that does not meet this standard of dress will not be admitted and/or asked to leave the Prom.** It is important that our young ladies and young men are dressed in a manner that does not undermine the appropriate values that Eastside promotes as a high school.

**Rules:** District and school policies apply to Prom as they do any other school activity. Please be aware of our expectations and the consequences associated with them, particularly with respect to alcohol and/or any other banned substances and/or items at school functions. **School personnel will have the authority to make the final decision regarding admittance to the Prom.**
REPORT CARDS
Students are expected to take all grade reports home. Report Cards will be issued to all students at Eastside. Parents can access student information through the parent portal located at http://www.newtoncountyschools.org/eastside.

TEXTBOOKS
Textbooks are the property of the State of Georgia. They are issued to each student and are the student’s responsibility. The student has the responsibility to take care of these books at all times. If a book is lost or damaged beyond the usual wear, the student is required to pay for the book. Lost textbooks will not be replaced until payment has been received. Lost agendas will also have to be replaced by the student.

TRANSPORTATION
Students may ride assigned buses, walk, or obtain other means to travel to and from school. Any student who wishes to ride a different bus to or from school must have a permission note from home that has been approved by an administrator. Parents may not use the teacher parking area on the side of the main building for picking up or dropping off students. All students transported to school by parents should be dropped off at the front of the school.

At the school building level --

- **To ensure high-functioning Professional Learning Communities (PLCs) in each school with a definite time and place to meet and an agenda of work centered around instruction and its outcomes for students through ongoing question-asking and action steps:**
  - What do we want students to know, do, and understand?
    Connection: Common Core Georgia Performance Standards (CCGPS)/Georgia Performance Standards (GPS)/Georgia Assessments (Steps 1 & 2)
  - How do we best engage students in the learning?
    Connection: RBIS, BBK, TI (Step 2)
  - How do we know if students know, do, and understand what we want?
    Connection: Common Assessments—Formative & Benchmarks (Steps 3 & 4)
  - What do we do when students don’t know, do, and understand what we want?
    Connection: RtI (tiered remediation); Enrichment (Steps 5 & 6)

- **Step 1:** Pre-analyze data aligned to CCGPS/GPS/Georgia Assessments
- **Step 2:** Deliver standards-based instruction using RBIS, BBK, & TI
- **Step 3:** Conduct common assessments (formative and/or benchmarks) aligned to CCGPS/GPS/Georgia Assessments
- **Step 4:** Analyze common assessment results to check for mastery
- **Step 5:** Implement GPS-based tiered remediation (RtI) and Enrichment
- **Step 6:** Check for mastery/Repeat cycle

**OUR TIMETABLE** is over the next five school years (2013-14 – 2017-18).

**OUR RESULTS** will show continuous improvement related to student achievement and more effective teaching as exhibited by Georgia Milestones/CRCTs, GHSGTs, and EOCTs no later than Spring 2014-15 forward. Additionally, we will program for greater student exposure to and success in college readiness (ACT, SAT, AP) and workplace readiness (ACT WorkKeys a.k.a. Georgia Work Ready Assessments).

GRIEVANCES AND DISCRIMINATION

The School District does not discriminate on the basis of race, color or national origin, sex or disability in any student program. It is the policy of the Board of Education to comply fully with the requirements of Title VI, Title IX, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act and all accompanying regulations.

Any student, parent or other person who believes he or she or any student has been discriminated against or harassed in violation of this policy must make a complaint in accordance with the procedures outlined below.

COMPLAINTS PROCEDURE

Complaints made to the School District regarding alleged discrimination or harassment on the basis of race, color or national origin in violation of Title VI, on the basis of sex in violation of Title IX or on the basis of disability in violation of Section 504 of the Rehabilitation Act of 1973 or the Americans With Disabilities Act will be processed in accordance with the following procedure:

1. Any student, employee, parent or other person with a complaint or report alleging a violation as described above shall promptly notify, in writing, either the principal for his/her school or the appropriate coordinator designated from time to time by the Board of Education [or by the principal]. If the complaint is made to a school principal, he or she shall be responsible for notifying the appropriate coordinator of the complaint.

2. If the alleged offending individual is the coordinator or the principal, the complaint shall either be made by the complainant to the Superintendent or, if the complaint is initially made to the school principal, reported by the principal to the Superintendent. If the alleged offending individual is the Superintendent, the complaint shall be made to the designated coordinator, who shall, without further investigation, report the complaint to the Board chairperson.

3. The coordinator or his or her designee shall have fifteen work days to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator or designee shall prepare a written response to the complaint detailing any action to be taken in response to the complaint and the time frame in which such action will be taken and copies of this response shall be furnished to the complainant, the appropriate coordinator and the principal or his or her designee.

4. If the complaint is not resolved at the conclusion of this fifteen-day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five work days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools. If the alleged offending
individual is the Superintendent, the complainant may have the complaint referred to the Board of Education, rather than the Superintendent.

5. The Superintendent shall have fifteen work days to review the complaint and the response of the coordinator or designee and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his or her approval of the action recommended by the coordinator or designee or the action to be taken by the School District in response to the complaint in lieu of that recommended by the coordinator or designee and the time frame in which such action shall be taken.

6. This policy is not intended to deprive any student or parent of any right they may have to file a complaint under any other applicable policy of the local board or to contact the Office of Civil Rights or other appropriate state or federal agency with regard to any allegations that the School District has violated the statutes described above.

7. The School District shall be responsible for distributing and disseminating information relevant to this policy and procedure to students, parents and employees through appropriate procedures.

8. No reprisal shall occur as a result of reporting unlawful discrimination or harassment under this policy, and any attempt to retaliate against a complainant shall be disciplined as is appropriate.

9. The confidentiality of any individual making a complaint or report in accordance with this policy, to the extent it is reasonably possible and complies with the law, shall be protected, although the discovery of the truth and the elimination of unlawful harassment shall be the overriding consideration.

The following individuals have been designated as the employees responsible for coordinating the district’s effort to implement this nondiscriminatory policy.

Title I, McKinney-Vento, School Improvement, Parent Involvement- Director of Federal Programs
Title II – Director of Secondary C & I and Professional Learning

Section 504 of the Rehabilitation Act of 1973

Section 504 provides that no qualified individual with a disability should, only by reason of his or her disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

Newton County School System Section 504 Parent Rights and Procedural Safeguards are posted on the school system website and are available for review via the following web-links.

A) ATTENDANCE INFORMATION

Absences and Excuses

We believe that students benefit from regular school attendance. Students are expected to be in school each day. Parents and the school must work together to encourage regular school attendance.

In support of good school attendance, a protocol has been developed by representatives of the following agencies/offices: Department of Family and Children Services; Juvenile Court; District Attorney’s Office; Sheriff’s Office; the Chiefs of Police of Covington, Oxford and Porterdale; Health Department; Mental Health; the Community Partnership; and the Board of Education. The protocol states the commitment of the groups to identify report, investigate and prosecute cases of alleged violation of the state law related to school attendance.

Students shall be in attendance at public schools in accordance with requirements of the compulsory school attendance law and for the number of full-length days prescribed by law.

Students will be temporarily excused from school for one or more of the following incidences:
- when personally ill and when attendance in school would endanger their health or the health of others.
- when in their immediate family there is a serious illness or death which would reasonably necessitate absence from school.
- on celebrated and recognized religious holidays observed by their faith necessitating absence from school.
- when mandated by order of governmental agencies (Example: pre-induction physical examination of service in armed forces or court order).
- when conditions render school attendance impossible or hazardous to their health or safety.
- when registering to vote or voting for a period not to exceed one day.
- when mitigating circumstances warrant, as determined by the school principal.
-when suspended from school.
a student whose parent or legal guardian in military service, in the armed forces of the
United States or the National Guard and has been called to duty for or is on leave from
overseas deployment.

Students shall be counted present:
- when involved on a school sponsored/approved trip.
- when serving as Pages for the Georgia General Assembly.
- when enrolled in the Hospital Homebound program.
- when serving ISS
- when in attendance at least one half of the instructional day for middle school students
  (12:30)
-when high school students attend at least (4) periods during the school day.

It shall be policy of the Newton County Board of Education to admit students for enrollment in
the Newton County Schools if they reside in Newton County or if they are the child of an
employee as described in Policy JBCC, unless the student has attained the age of twenty (20) on
or before September 1 or has received a high school diploma or the equivalent.

The school system reserves the right to convene a placement review committee to determine
whether alternative school placement or non-enrollment is appropriate if the student

- has dropped out of school for one quarter or more from any other secondary school
- is not in good standing (academic/behavioral) upon withdrawing from the previous
  school
- is under suspension or expulsion from another public or private school
- is entering from a Youth Detention Center or a behavioral rehabilitative program
- has failed to enroll during the first twenty (20) days of the current semester or has
  excessive unexcused absences or days off roll.

If the student is admitted to an alternative placement, the student must make up all missed work
to be eligible to receive credit. If work is not made up, the student will receive N/C, no-credit,
for the semester. Students enrolling in the Newton County School System will not receive credit
for courses after the 20th day from the beginning of school unless the student makes up the
required 150 hours of instruction and passes the course. The school principal or designee may
utilize Instructional Focus time for any student needing to complete the required seat time to
receive credit to maintain the required 150 hours.

The Newton County Board of Education authorizes the placement review committee to hear
appeals and decide the re-admission or enrollment of any student who has been suspended or
expelled for being convicted of, being adjudicated to have committed, being indicted for, or
having information filed for the commission of any felony or any delinquent act under Code
Section 15-11-28 which would be a felony if committed by an adult.
An individual classified as a student with disabilities is eligible for enrollment in appropriate education programs until they receive a high school diploma or equivalent or they reach their twenty-second [22] birthday whichever comes first; Students must present a written excuse upon return after an absence, whether excused or unexcused and/or an admit slip if the student checked-in/out. The excuse or admit slip must be presented to the teacher and/or attendance clerk within three days of the student’s return to school; otherwise the absence will be recorded as unexcused. Credit for make-up work will be granted only when the work is submitted adhering to the attendance policy timeline.

Changes in Georgia law require that parents or guardians must sign a statement indicating receipt of written attendance requirements and possible consequences/penalties. The “Parent Notice of Understanding and Receipt” on the last page of this handbook indicates such receipt of attendance requirements. Students must sign a statement indicating receipt of the requirements and possible consequences and penalties. If the notice is not returned to school, the school will have met its responsibility to notify you of the requirements and possible consequences/penalties, if after two reasonable attempts to secure signatures, the parents or guardians are sent, via certified mail, return receipt requested, a copy of the statement.

Academic Consequences of Absences

Students who are absent must initiate make-up work with teachers on the first day they return.

It is the responsibility of the student to keep up with all assignments of classes whether absences are excused or unexcused. The school will not deny the student the right to the information missed for an unexcused absence. Students are advised to check with classmates and consult the course syllabus as a means of keeping up with each class assignment.

A student under suspension will be allowed to make up work and receive full credit. Some work, by its very nature, is impossible to make up and may necessitate alternative assignments. The principal (or designee) is the final authority in determining alternative assignments. Students will lose credit for any work not made up within the number of school days suspended. For example, if a student is suspended 3 days, the student will have 3 days upon return to school to complete make-up work.

For middle & high school students: Parents/guardians may submit written excuses for up to five (5) days of absences per school year. For absences due to personal illness, students must present original documentation from a medical provider in order for any absence after five absences to be excused. Absences resulting from any other reason specified as “excused” will be accepted with appropriate documentation i.e., a copy of a subpoena for a court appearance, etc. (See Section A). Failure to provide this documentation within three (3) days after returning to school will result in absences recorded as “unexcused.” High school students will not be granted credit when unexcused absences exceed ten (10) days per class per year. When credit for a course is denied, the grade designation for no credit (NC) shall be given for each class the student passed. The actual numerical grade shall be given for each class failed.
Students who are absent from school, whether the absence is excused or unexcused, are not allowed to participate in (or attend) any sporting event or extra-curricular activity that is held the day of the absence.

Consequences for Parents/Guardians of Children with Excessive Absences

In order to comply with Georgia law, a parent/guardian of a student with more than five (5) unexcused absences may be referred to the appropriate court and will be subject to fines of not less than $25.00 nor more than $100.00 or imprisonment up to 30 days or community service or any combination of penalties. (Code Section 20-2-690.1) Each absence after notification of violation that a child has five unexcused days of absence shall constitute a separate offense. When a student has been absent three days and then five days, the parent will be notified. Notification may include one or more of the following: a letter to the parent/guardian, phone call to parent/guardian or a phone call to the residence via School Messenger.

For a student with five cumulative unexcused days of absence, the school system will make two reasonable attempts to notify parents/guardians of the unexcused absences. If there is no response from the parent/guardian, they will be notified via certified mail, return receipt requested of the unexcused days.

B) GA LAW 20-2-1182

Persons other than students who insult or abuse school system personnel in the presence of pupils may be ordered to leave school premises and/or be banned from campus.

Any parent, guardian, or person other than a student at the public school in question who has been advised that minor children are present and who continues to upbraid, insult, or abuse any public school teacher, public school administrator, or public school bus driver in the presence and hearing of a pupil while on the premises of any public school or public school bus may be ordered by any of the above designated school personnel to leave the school premises or school bus, and upon failure to do so such person shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine not to exceed $500.00. (Code 1981, § 20-2-1182, enacted by Ga. L. 1989, p. 1394, § 1; Ga. L. 2001, p. 4, § 20.)

C) CHAIN OF COMMAND

Constructive criticism of the schools is welcomed by the Board of Education whenever it is motivated by a sincere desire to improve the quality of the educational program or to equip the schools to complete their tasks more effectively.

The Newton County School System does not recognize social media (e.g., Facebook, Twitter, blogs, etc.) as primary means of communication in relation to student, parent, personnel or school system issues. If you have a concern that you wish to be addressed, please contact school and/or system personnel directly via email, phone, letter, or in person in efforts to resolve matters. Additionally, please follow the prescribed Chain of Command to address concerns.
Members of the Newton County Board of Education have confidence in the professional staff and desire to support their actions in order that they are free from unnecessary, spiteful, or negative criticism and complaint. These statements do not supersede any employee’s or citizen’s rights to contact Board members directly. However, whenever a complaint is made directly to the Board as a whole or to a Board member as an individual, it will be referred to the administration for study and possible resolution.

The Board advises the public that the proper channeling of and most effective way to resolve complaints involving instruction, discipline, curriculum/instruction, or transportation is to contact the individual at your student’s school who is designated by position in the chart below to deal with such concerns. Any issue outside of this chart’s listing should be addressed to the principal. The Board will consider hearing complaints when they cannot be resolved through the use of the channels below:

D) CHECKING IN AND OUT

1. Any student who arrives at school after 9:00 a.m. if attending a middle school and after 8:15 a.m. if attending a high school must check-in at the designated area. A check in pass will be issued and should be presented to the classroom teacher. Students who habitually check in late will be subject to the tardy policy.

2. Early Release Days-When school is dismissed early, on system designated “early release” days, students eat breakfast and lunch at school and are dismissed at the following times:

   - Elementary Schools-11:15
   - Middle Schools- 1:15
   - High Schools- 12:15

3. During the school day, a student will be released from school only to a parent or legal guardian or other authorized person. Such persons shall be properly identified. Students are not to leave campus unless they have an official check-out slip. The parent or authorized person who will pick up the student must come inside the school and sign the check-out record. Once the check-out procedures are finalized, students are expected to leave the premises immediately. The school designates an office area to handle all requests by parents or authorized persons who call the school or come to the school requesting permission for a student to check-out. All phone calls and written requests should be received at least one hour before requested check-out time. If this process is
not followed, some delay can be expected. **Simply checking out a student from school does not constitute an excused absence for the class missed.** In order for absences to be excused, a parent/guardian must provide appropriate documentation for the classes missed within three (3) days of the absence. **No permissive checkouts are allowed after 3:45 for middle schools and 2:45 for high schools.**

**E) HOSPITAL/HOMEBOUND PROGRAM**

Students who are unable to attend school due to prolonged medical illness or injury can request instructional assistance through the hospital/homebound program. Parents or students should contact the Principal/designee for a hospital/homebound application.

**F) WORK PERMIT**

An Employment Certificate, commonly called a Work Permit, is required for all minors who are employed and have not reached their 18\textsuperscript{th} birthday. Each middle and high school has two issuing officers. Work Permits for Newton County students are only issued at their home school. Students should secure an application for a work permit at [www.dol.state.ga.us](http://www.dol.state.ga.us). Students should complete the first portion of the application. The employer must complete the appropriate section on the application. Students should then bring the application to the issuing officer at the school. The issuing officer will verify proof of age by checking the certified birth certificate on file at the school and then will issue a work permit. A permit **cannot** be issued to a parent or guardian.

**G) REGISTRATION REQUIREMENTS FOR NEW AND RE-ENTRY STUDENTS**

New and re-entry students must be accompanied by a parent/guardian and have a conference with the Principal and/or his designee. New students must provide the following eight (8) items:

1. **Proof of Prior School Enrollment.** A withdrawal form and unofficial transcript or report card will provide proof of prior school enrollment.

2. **Residency Verification.** The parent/guardian must provide both a non-contingent sales contract or lease or deed and at least one utility bill or receipt of service deposit in the parent/guardian’s name with the same address validating residency in Newton County at the time of registration. (No Post Office Box). A student will be withdrawn from the Newton County Schools if it is discovered that he/she was admitted with fraudulent residency information. **NOTE:** Verification of residence within Newton County may be requested at any time at the discretion of the administration regardless of the date of enrollment within the school system.

3. **Custody/Guardianship.** The person enrolling a student shall present proper identification which may include a driver’s license, a state identification card, or passport. Proof of custody/guardianship must be provided if the child does not live with one or both parents. This document must be provided at the time of registration.

4. **Immunization Form.** All students, including foreign exchange students, must submit a Georgia Certificate of Immunization-Form 3231.
5. **Eye, Ear, and Dental Form.** All students entering a Georgia Public School for the first time or re-entering after having been absent from a Georgia school for at least one school year must have on file the Georgia DHR Form 3300 Certificate of Eye, Ear, and Dental Examination. (Out-of-state forms will be accepted if dated within the last twelve months.)

6. **Certified Birth Certificate.**

7. **Social Security Number.** It is important to note that state law does not permit disbursement of HOPE Scholarship funds to students without an associated Social Security Number.

8. **Two years of school discipline records.** Students in grades 7-12 cannot be enrolled without proper discipline records. Students without proper discipline records may be referred to the placement review committee for enrollment. School administrators may, at their discretion, require a student and his/her parent(s) to sign a behavior contract as a prerequisite for enrollment.

**H) WITHDRAWAL OR TRANSFER FROM SCHOOL**

When a student desires to withdraw or transfer to another school, he/she must have the written permission of his/her parents or guardian if under the age of eighteen prior to withdrawing as a drop out. Prior to accepting such permission, a school administrator will have a conference with the student and parent or legal guardian within two school days of receiving notice of the intent of the student to withdraw. The purpose of the conference is to share with the student and parent/guardian educational options available and the consequences of not earning a high school diploma.

All transfers and withdrawals are processed through the counseling office. A student who transfers from a secondary school will receive the grade earned at the time of withdrawal.

**I) SPECIAL PROGRAMS**

A student may be assigned to another school to provide access to a special instructional program(s) not available in the home school to which he/she would be assigned based on his/her place of residence. Beginning with the 2013-14 school year, “special instructional program(s)” are JROTC, the Academy of Liberal Arts at Newton High School, and the STEM Institute at Newton College and Career Academy. This stipulation for out-of-zone assignment will apply for the duration of the time a student is enrolled in special programs assigned to that school. The parent/guardian will be responsible for transporting the student to and from school. Policies and procedures of the Georgia High School Association apply. Only students accepted and enrolled in the “special instructional program” are eligible to have out-of-zone requests approved. Siblings not enrolled in the “special instructional program” will not be granted out-of-zone enrollment.

**J) PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)**

You are hereby notified that at various times during the school year various activities as listed below may be scheduled. In accordance with Board policies, prior written consent must be
obtained from parents before students are required to submit to any survey that contains questions about one or more of the areas listed below and that is funded in whole or in part by the U.S. Department of Education. You have the right to inspect any survey or instrument used in the collection of information listed in 1 and 2 below before the instrument is administered or distributed to a student and to opt out, on behalf of your student, of participation in accordance with regulations developed by the administration.

1. The administration of any survey containing one or more of the following items:
   - Political affiliations or beliefs of the student or the student’s parent;
   - Mental or psychological problems of the student or the student’s family;
   - Sex behavior or attitudes;
   - Illegal, anti-social, self-incriminating, or demeaning behavior;
   - Critical appraisals of other individuals with whom respondents have close family relationships;
   - Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
   - Religious practices, affiliations, or beliefs of the student or student’s parent; or
   - Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program), without prior written consent of the parent or eligible student.

2. Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).

3. Any non-emergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student, or of other students.

You may, upon request, inspect any instructional material used as part of the educational curriculum for your student.

The school is required by federal law to give this notice to parents. However, the school does not have scheduled at this time any such activities as are described above. If any such activities are initiated during the school year, you will be notified accordingly and will be afforded all the rights as described herein.

K) RIGHTS FOR INSPECTION AND RELEASE OF EDUCATION INFORMATION

Under the Family Educational Rights and Privacy Act (20 U.S.C. 1232g) (the “Act”), you have a right to:

1. Inspect and review the education records of your child, or in the case of a student who is eighteen years of age (18) or older, your own education records;
2. Request the amendment of the student’s education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights;

3. Consent to disclosures of personally identifiable information contained in the student’s education records.

4. The Newton County School District has designated the following information as directory information:
   - Student’s name, primary address and telephone number;
   - Student’s date and place of birth;
   - Student’s participation in official school clubs and sports;
   - Weight and height of student if he/she is a member of an athletic team;
   - Awards received during the time enrolled in Newton County School System;
   - Dates of enrollment at Newton County Schools;
   - Honors and awards received during the time enrolled in the Newton County Schools;
   - Video, audio or film images or recordings;
   - Photograph; and
   - Grade level.

In addition, two federal laws require school systems receiving federal financial assistance to provide military recruiters or institutions of higher learning, upon request, with the name, address, and telephone numbers unless parents have advised the school system that they do not want their student’s information disclosed without their prior written consent.

Unless you, as a parent/guardian or eligible student, request otherwise, this information may be disclosed to the public upon request. You have the right to refuse to allow all or any part of the above information to be designated as directory information and to be disclosed to the public upon request. If you wish to exercise this right, you must notify annually the principal of your school of your refusal of disclosure within ten days of your enrollment.

L) NOTIFICATION OF PROFESSIONAL QUALIFICATIONS

At the beginning of the school year, under requirements of the Elementary and Secondary Education Act, the parent/guardian of a student attending a school receiving Title I funds may request information regarding the professional qualifications of the student's classroom teachers and paraprofessionals including, at a minimum, the following: the qualifications and licensing criteria for the grade level/subject areas taught; the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher; the field of discipline of the certification or degree; and whether the child is provided services by paraprofessionals and, if so, their qualifications. In addition, the parent may receive information on the level of achievement of the child in each of the State academic assessments; and timely notice that the parent's child
has been assigned, or has been taught for four or more consecutive weeks by a teacher who is not highly qualified. Please contact the Principal for such information; principals can be reached using the information in the following chart.

**NOTIFICACIONES DE LAS CUALIFICACIONES PROFESIONALES**

Al principio de este año escolar bajo los requisitos del Acto de Ningún Niño se Queda Atrás, los padres de un estudiante quien asiste a una escuela que recibe fondos del Título I podrán solicitar información sobre las calificaciones profesionales de los maestros del estudiante y ayudantes de maestros, incluyendo como mínimo, los siguientes: las calificaciones y criterios de certificación para el nivel de grado/materia enseñada; la licenciatura del maestro y cualquier otra certificación de graduación o título obtenido por el maestro, y el área de disciplina de la certificación o título; y si el niño recibe servicios de ayudante de maestro y, si es así, sus calificaciones. Se les avisara a los padres cuando su niño ha sido asignado a un maestro de instrucciones por cuatro o más semanas consecutivas que no está calificado de alta calidad. Para obtener más información acerca de las calificaciones profesionales, puede comunicarse con los directores de la escuela apuntados a continuación.

M) SCHOOL CANCELLATION OR EMERGENCY SCHOOL CLOSING (EARLY DISMISSAL) DUE TO SEVERE WEATHER:

Newton County School System (NCSS) adheres to the following procedures regarding school closure or early dismissal due to inclement weather. If severe weather occurs or is predicted in advance, the school superintendent will try to make a decision by 10 p.m. the night before a school closure. Weather changes quickly and as a result, it is not always possible to make an accurate decision by 10 p.m. If a definite decision to close schools cannot be made by 10 p.m., Newton County School System personnel will monitor weather and road conditions overnight and into early morning hours. If a school closing is necessary, the Superintendent would make that decision no later than 5 a.m. on the morning of the school closure. Please do not call the schools or central office to inquire about possible school closings as that occupies phone lines and delays a district announcement. School closing announcements would be posted on the Newton County School System website, the district’s Facebook and Twitter pages, and on metro-Atlanta television stations. In addition, a School Messenger Call would go out to NCSS families and employees. It is very important that parents keep phone information up-to-date as School Messenger utilizes parent contact information on file in Infinite Campus.

Should weather become severe during the school day resulting in the need to dismiss students early, the Newton County School System would initiate an Emergency School Messenger Call to parents. As with a school cancellation, the early dismissal announcement would be posted on the NCSS website, Facebook, and Twitter pages, and metro-Atlanta television stations will also be notified.

N) STUDENT PUBLICITY RELEASE

The Newton County School System is very proud of the students and staff in the schools. Throughout the year, newsworthy and notable events of interest are shared with the community and other educational agencies to honor school and student performance. Student art, literary, and audio/video productions which may or may not include your student’s photograph are used to publicize school and/or student achievements. Various types of student work (e.g., creative writing, artwork, slide presentations, multimedia projects) and student photographs (groups or individuals) are presented in media.

Home addresses, telephone numbers, or other personally identifiable student data are not published or released in press releases, newsletters or websites. However, please note the school system cannot control the inclusion of students in photographs of large group settings covered by the public news media, such as school assemblies, plays, parades, athletic or other extracurricular events. Please see the last pages of this document for signing the Publicity Release form.

O) NEWTON COLLEGE AND CAREER ACADEMY (NCCA)

With full support of the Newton County Board of Education, Georgia Piedmont Technical College, the Covington/Newton County Chamber of Commerce, and our community and business leaders, the Newton College and Career Academy (NCCA) was created to enhance
academic achievement and provide students with the knowledge and skills necessary to succeed in postsecondary education and the workforce. Our goal is to provide students in Newton County high schools with requisite skills and knowledge to exceed the majority of U.S. Department of Education performance indicators; to increase the number of students in Newton County high schools receiving post-secondary credits through local post-secondary partners; and to help students become workplace ready in order to be gainfully employed or to continue their education and training in a variety of post-secondary options.

Students at NCCA will have the chance to connect more directly with their career paths and earn industry credentials in addition to their high school diploma, increasing the chance for our students to be gainfully employed in a very competitive work environment. Programs at NCCA focus in areas that are high skill, high wage, and high demand occupations.

NCCA will offer 22 Career Pathway programs in our state-of-the-art classroom and laboratory facilities.

Students in all three Newton County high schools are eligible for enrollment at NCCA. For more information about student enrollment, contact a Newton County high school guidance counselor.

Q) ENGLISH FOR STUDENTS OF OTHER LANGUAGES

English for Students of Other Languages (ESOL) program provides a curriculum and instructional assistance to students not proficient in English because their native tongue is other than English. The ESOL program provides academic language development and proficiency in listening, speaking, reading, and writing while integrating state standards to support academic achievement in the regular classroom.

R) RESPONSE TO INTERVENTION (RTI)

Each school has a Response to Intervention (RtI) process established to review referrals of students experiencing academic and/or behavioral difficulties. The RtI teams may be composed of the school principal or assistant principal, teachers, school counselor, psychologist, and other appropriate school personnel. The RtI teams assist classroom teachers in identifying the needs of referred students, planning alternative instructional and/or behavioral strategies, and serving to determine the promotion/placement/or retention of a student.

S) TITLE I PROGRAM

Title I is a federally funded program designed to provide additional educational services in designated schools to students in the core curriculum. There are two types of Title I programs offered to students in Newton County: Targeted-Assistance and School-Wide. In a Title I Targeted-Assistance Program, students are selected for program services based on multiple criteria and a Title I teacher works with identified students to provide extra reading and/or mathematics instruction in each student's area of weakness. A Title I School-wide program provides an opportunity for all students to receive assistance in the areas of reading, language
arts, mathematics, science and social studies in order to improve academic achievement for all students at the school. The school carefully develops an instructional plan to provide a researched-based, well sequenced, and timely improvement program. Parents of Title I students are encouraged to become involved in parent activities held throughout the year. Questions regarding Title I program services may be directed to the school’s principal or the Director of Federal Programs (770-787 1330).

T) ELECTRONIC DEVICES DURING STANDARDIZED TESTING

In accordance with the Georgia Department of Education’s guidelines regarding cell phone/electronic devices in designated testing locations, students of the Newton County School System are not permitted to use, or bring into the testing environment, any electronic device that could allow them to access, retain, or transmit information. Improper use of such electronic devices during testing will result in disciplinary action in accordance with the Newton County School System’s student code of conduct and test invalidation. During the administration of standardized assessments, all cell phones/electronic devices must be in the “off” position and stored by the teacher, if brought into a designated testing location. Cell phones/electronic devices will be returned to the student after all testing materials have been collected. During state mandated assessment windows, students will be expected to follow the guidelines as indicated, should they bring their cell phones into the designated testing locations within the school. It is the preference of the Newton County School System that students leave their cell phones/electronic devices at home on the days standardized tests are administered. The Newton County School System is not liable or responsible for any personally-owned electronic device brought onto any school system property.

HIGH SCHOOL PROCEDURES AND REQUIREMENTS

ACADEMIC HONESTY
The Newton County School System tradition of excellence requires an academic environment that is free from all forms of academic dishonesty. Students must meet challenges with honesty and individual effort. Students earn respect for themselves and their academic work through academic integrity and ethical conduct. In all work submitted for academic credit, students are expected to represent themselves honestly. No form of student work is exempt from this policy. Cheating (getting or giving unauthorized help on an assignment, quiz, or test) and plagiarism (submitting work as your own that is someone else’s) are forms of academic misconduct that will result in the following consequences:

- Student will receive a zero for the assignment with no opportunity to recover the grade*
- Parents will be notified in all cases of academic dishonesty

*The only exception occurs when a student is guilty of academic dishonesty on a benchmark test. Because these tests are used to determine the student’s satisfactory academic progress, students will be required to retake the benchmark test on his or her own time. The make-up test will be scored to determine student progress; however, the student may only receive 70% credit of the scored test.

In addition to the consequences listed above, students may lose privileges, positions, or opportunities requiring trustworthiness and responsibility. Students may also receive a disciplinary referral (See Rule 66).

All forms of academic dishonesty place the value of grades over learning and are in direct contrast with the mission of Newton County School System.

AWARDING CREDIT
The Newton County Board of Education shall award Units of Credit based on the CCGPS and GPS and a minimum of 150 hours of instruction in an approved traditional schedule and 135 hours of instruction in the block schedule.

A total of 120 clock hours of instruction are required for summer school.

1. Either elective credit or no credit shall be awarded for courses (REMEDIAL) in which instruction is based on the GPS or CCGPS for grades K – 8.
2. Core area courses completed successfully may not be repeated.
3. A course shall count only once for satisfying any unit requirement for graduation. The same course cannot be used to satisfy a unit requirement in more than one core area of study. For example, General Horticulture may count as a Science OR a CTAE course; credit can only be awarded for one or the other—not both.
4. The Newton County Schools shall accept the course credit and grades earned by any student from an accredited school. These schools shall have been accredited at the time credit was earned. Accredited school is defined as:
   a. Schools accredited by or holding provisional status from the Georgia Accrediting Commission, and/or one of the accrediting agencies that is a member of the Georgia Private School Accreditation Council, and/or one of the following regional accrediting agencies: Middle States Association of Colleges and Schools, New England Association of Schools and Colleges, North Central Association of Colleges and Schools, Northwest Association of Schools and Colleges, Southern Association of Colleges and Schools, or Western Association of Schools and Colleges.
   b. A standard Georgia public school as defined in Rule 160-3-2-.01 (Comprehensive Evaluation System).
   c. A school from another state accredited by that state’s accrediting agency.
   d. Schools accredited by the accrediting Commission for Independent Study, Inc.
   e. Other schools and home-study programs will be considered non-accredited for these purposes.
5. The Newton County School System shall verify grade placement and validate credits of any student who transfers into the district from a non-accredited school, from a home-study program or from a foreign country. Curriculum guides or other pertinent information regarding a course may be obtained to determine whether transfer courses meet required minimum core curriculum. Placement of first time 9th graders entering from non-accredited schools will be determined by performance on the 9th Grade Placement Test which determines readiness for the ninth grade. If the student does not pass the 9th Grade Placement Test and is under the age of 16, a committee decision will be made to determine placement.

Students entering school from home study programs shall provide the school with a copy of the following: student’s birth certificate; an up-to-date immunization record; the results of any standardized tests administered while the student was in a home study program; and the annual program assessment reports in each subject area as specified by the laws establishing the home study program. All other entrance requirements apply.

Grades for courses applied to high school graduation which are awarded by a home study program, foreign country, or by a non-accredited school shall be recorded as a numerical grade (160-4-2.13 (2) b)

Students who desire transfer credits for courses taken at a non-accredited school or from a home-study program will be placed at the appropriate level as indicated by the transcript of the sending school. However, credit will not be granted for transfer courses until requirements for granting credit have been met as follows:

a. Requirements for Granting Credit of Non-Prerequisite Courses. To receive transfer credit for non-prerequisite course(s) taken at a non-accredited school or home-study program, the student must take and earn a passing score of 70 or above on the final exam of the course for which course transfer credit is being sought. The final exam for eight state designated courses shall be the End of Course Test (EOC). If the student fails an EOC, he/she must retake the course to earn credit. Credit will not be awarded for courses not offered in the Newton County School District. An exception may be made for a course found on the list of state funded courses which the Newton County High Schools do not offer. Upon determination that such transfer course meets CCGPS and/or GPS requirements, the administrator may grant credit.

b. Requirements for Granting Credit of Prerequisite Courses. Credit may be granted retroactively on prerequisite courses based on acceptable student performance in the next level of a prerequisite course. Acceptable student performance is defined as meeting attendance requirements and obtaining a passing score of 70 or higher. Schools offering year-long, traditional schedules would use ONLY the end-of-the-year average (full course) as the determiner. An exception to this regulation is for a course requiring an EOC. In such cases the EOC shall be given for the prerequisite and a passing score of 70 or higher must be earned for granting the prerequisite credit. Placement may be changed before the end of the semester when a student is not meeting acceptable performance standards. The decision to change placement before the end of the semester must include input from the teacher, guidance counselor, and principal.

c. Requirements for Granting Credit for Students from Foreign Countries. Transcripts may be translated to English and evaluated by contacting the Newton County ESOL Coordinator. Each counselor or secretary will assist the parent in contacting the ESOL Coordinator at registration. Upon determination that such transfer course meets QCC/GPS requirements, the eligibility team may grant credit. The recommendation from the committee will be forwarded to the counselor and registrar for assignment to appropriate courses and transcript credit. Students transferring from a foreign country will be required to take and pass all five Georgia High School Graduation Tests (GHSGT) and/or appropriate EOCs as determined by the student’s grade placement into high school and the GHSWT.

d. Requirements for Granting Credit through Credit Recovery Programs. Students who have failed a course and complete requirements of the GradPoint curriculum and/or Georgia Credit Recovery for a comparable course will be awarded credit. For any course requiring an EOC, the student will take the associated EOC. Please refer to the NCAA requirements prior to enrolling in credit recovery programs.

One credit per semester may be transferred from an accredited school while enrolled in a Newton County School during the academic school year and a maximum of two credits may be transferred for summer school
credit. **Initial credit may be obtained in electives only.** Core academic credit may be obtained only if the student is recovering credit. Students should obtain the Newton County School System Credit Recovery Form PRIOR to enrolling in a program to earn credit outside of the traditional classroom time.

6. Courses may not be audited at the high schools in Newton County.

7. Schools shall not substitute courses and exempt students from the required secondary minimum core curriculum unless the student transferred from an accredited secondary school or the courses presented for credit meet criteria identified in these above outlined procedures.

8. Should the Newton County Board of Education choose to grant unit credit for learning that has occurred outside the 9 – 12 classroom, it shall use the following assessment procedures to award or exempt unit credit in lieu of class enrollment: evaluation of the student’s transcript for course equivalency and/or a proficiency test and/or actual classroom performance to determine mastered prerequisite skills. Equivalency credit shall be shown on the transcript. For example, a student whose native language is not English could be awarded one or two units of credit for the foreign language of their native tongue if he/she can demonstrate competency in that language. Refer all cases to the ESOL Coordinator for determination of foreign language credit that may be awarded.

9. Remedial courses count as elective credit only.

10. **HOPE Requirements:** Beginning with the class of 2007, grades from ALL coursework in academic core attempted in high school will be calculated in the GPA. Additionally, courses identified in the final GPA will be calculated by the Georgia Finance Commission using a 4.0 scale. Any grade earned in high school courses taken in middle school will not be included in the HOPE calculation (i.e., Alg. I). Georgia School Finance Commission provides a website to demonstrate how HOPE is calculated: [www.gsfc.org/main/publishing/pdf/2007/80_gpa.pdf](http://www.gsfc.org/main/publishing/pdf/2007/80_gpa.pdf). School personnel do not compute HOPE GPA. All AP/Dual Enrollment grades will be stripped of their weights by GSFC; Newton County will report to GSFC the 10 point weight. GSFC adds a 0.5 quality point weight on a TRUE 4.0 scale for Advanced Placement (AP)/Dual Enrollment completed June 15, 2006 or later, up to a maximum grade value of 4.0 (A Grade of A is not weighted). No others courses will be weighted by the GSFC unless authorized by the Georgia General Assembly. Changes to the HOPE Scholarship are made by the Georgia General Assembly and updates may be found at [www.gsfc.org](http://www.gsfc.org). It is important to note that the HOPE Scholarship is not permitted to be awarded to students without social security numbers. The Newton County School System exports preliminary data to the GSFC at the end of each school year. For seniors, the information is based upon the previous year’s extract as their final data will not be exported until the end of the school year.

11. Secondary School Reports, recommendations, and information including student’s rank completed by teachers, counselors, or other staff members are not released to students, but sent directly to the college or organization. Schools do not have access to students’ rank until such time that student services provides a “rank report”. Students’ rank is determined by mid-year grades (December) and are available in January. Copies are not provided to the student, parent, or guardian. As students seek to learn their class rank, students must be aware that **class rank fluctuates** as semester grades are posted.

**CLINIC SERVICES**

High Schools will provide clinic services for students according to the policy approved by the Newton County Board of Education. Each student is requested to complete a medical reference card, which will be placed on file in the school clinic.

No internal medicines will be given to students without parental permission. All prescription drugs must be properly labeled with instructions for use and contained in the original container. Students who must take medication during school hours are encouraged to do so during class change at the clinic. When this is not possible, the student must obtain a medical pass from the clinic nurse.

**COLLEGE VISITS**

**Criteria**

**Seniors**—A senior may have two days to visit a college or technical school in preparation for post-secondary education, **three days** if the student has an **A or B average at the end of the first semester**. The senior is not counted absent but is responsible for all assignments.

**Juniors**—A junior may have one day to visit a college or technical school in preparation for post-secondary education, **two days** if the student has an **A or B average at the end of the first semester**. The junior is not counted absent but is responsible for all assignments.
Absences in excess of the allotted visits will be counted as UNEXCUSED.

Procedures
The student and his/her parent/guardian must make an appointment with the school to be visited. A form letter, which can be picked up in the Counseling Center, must be signed by the parent/guardian and returned at least three (3) days prior to the college visit. Also the student must pick up a form letter that must be validated by the college/technical school official at the time of the visit. The validation will include a signature, title, and phone number of the school official. This letter must be returned to the Counseling Center immediately upon the student’s return to school. If the letter is not returned, the student will be counted absent.

COUNSELING DEPARTMENT
The Counseling Department provides a large number of services, which include classroom guidance, group, and individual counseling. Counselors are ready to assist students in any way that will make their school experience more rewarding. Counselors are always available to consult with parents regarding special concerns they may have about their child. Teachers are also encouraged to use the services of counselors regarding the special needs of their students. Information for all students regarding career, scholarship, and testing information may be located at www.newtoncountyschools.org. Counselors may assist with locating resources regarding career information, post-secondary school choices, test information and financial aid/scholarships. For academic advisement, students are assigned a counselor based on first letter of last name or by grade level. However, for personal concerns, a student may seek assistance from any counselor.

Procedures for Requesting Transcripts and Letters of Recommendation
Letters of recommendation should be requested no less than (10) business days prior to postmark deadline. Secondary school reports and mid-year reports must follow the same guidelines. Transcripts may be requested by completing the Transcript Request Form located in the Counseling Center a minimum of (3) days prior to the date needed. Secondary School Reports, recommendations, and information including student’s rank completed by teachers, counselors, or other staff members are not released to students, but sent directly to the college or organization. Copies are not provided to the student, parent, or guardian. As students seek to learn their class rank, students should be aware class rank fluctuates as semester grades are posted.

COURSE SYLLABI
At the start of each semester, teachers will distribute a course syllabus to their students. Students are asked to take the syllabus home and review it with their parents. Since the syllabus will include an outline of the course content, grading procedures, tardy policy, expectations for behavior, and other pertinent information, it is important that students and parents carefully read all syllabi.

WORK BASED LEARNING and COLLEGE DUAL ENROLLMENT
The Newton County Board of Education shall allow certain eligible students to participate in work based learning and college dual enrollment programs during the school day.

A student may participate in work based learning and dual enrollment programs during the school day if:
1. he/she participates in at least 4 units of regular school instruction per day*, and
2. has earned a minimum number of units to be classified as a junior, and
3. is enrolled in a state approved Technology/Career-Preparatory or special education cooperative work-study program or has worked out an acceptable dual enrollment agreement with a college, technical institute, or certified apprenticeship program, and
4. has written parental permission.

Early dismissal may be granted to fifth year seniors within two units of graduation.

Educational early release shall be denied other students not eligible as described in the above requirements.

*Exceptions on an individual basis may be made by the principal only for students enrolled in the Youth Apprenticeship Program.

All students with early release privileges must obtain a permanent pass indicating the times and dates for the period of dismissal. This pass must be shown each day before leaving the parking area. Fifth year seniors with early release privileges must obtain their pass from the Principal's office the first week of each semester.

Students on early release must be out of the school building and in the process of leaving campus before the tardy bell rings for the next period. Any loitering on campus may result in re-assignment to on-campus classes for the remainder of the school day.

**EXTRA-CURRICULAR CONTESTS - PARTICIPATION REQUIREMENTS**

Students must be present for four of seven periods of the school day in order to participate in any extra-curricular activities that day. Students suspended from school will not participate in any school-sponsored activity during the suspension.

Beginning one week prior to the first contest or event scheduled for any designated sport or extracurricular activity, students suspended out-of-school are suspended from all activities (practices, playing, dressing, out, sitting with team, etc.) during each full day of suspension. In the event that no designated game or activity takes place during the period of suspension, students will miss the next game or activity scheduled during the season for that sport or activity. Suspension ends when the student is physically readmitted to the classroom.

Students assigned to In-School Suspension for one or more full days will be suspended from the next appropriate game or event scheduled from the date they are assigned to (begin) ISS. Students may be allowed to practice with their team or organization when assigned to ISS.

Eligibility for participation in Georgia High School Association (GHSA) sanctioned sports is determined in the following manner:

- **First-year students** (entering 9th grade) are eligible academically. Second semester first-year students must have **passed courses carrying at least 2.5 Carnegie units** the previous semester in order to participate.
- **Second-year students** must have accumulated five (5) total Carnegie units in the first year, **AND passed courses carrying at least 2.5 Carnegie units** in the previous semester.
- **Third-year students** must have accumulated eleven (11) Carnegie units in the first and second years, **AND passed courses carrying at least 2.5 Carnegie units** in the previous semester.
- **Fourth-year students** must have accumulated seventeen (17) Carnegie units in the first three years, **AND passed courses carrying at least 2.5 Carnegie units** in the previous semester.

Students may accumulate the required Carnegie units for participation during the school year and eligibility will be reinstated at the beginning of the next semester.

In addition, students must pass at least five of six credit bearing courses or six of seven credit bearing courses at the end of each semester and be on track to graduate.
In grades 9–12, summer school grades are allowed in determining eligibility for competitive interscholastic participation if the following criteria are met.

1. No more than two units are counted.
2. Schools are accredited by the Georgia Accrediting Commission (GAC) or a regional accreditation agency.
3. Grades are not based on independent study courses.

The student athletes represent the school during school and non-school hours; therefore behavior must be appropriate at all times, even on social media. A student must finish the season and be in good standing on the team to receive a letter. At the discretion of the school administration, a student’s eligibility to participate in extra-curricular activities may be suspended or revoked.

**FALSIFYING REPORTS**
Falsifying reports regarding instances of alleged inappropriate behavior by a teacher or other school personnel is prohibited (08 House Bill 1321). An investigation will be held with the penalty at the discretion of the administrator which may include ISS, suspension or suspension to a formal hearing.

**FIRE/SEVERE WEATHER/LOCK DOWN DRILLS**
Fire and lock down drills will be held regularly throughout the year. Severe weather drills will be held two times throughout the year. The signal will be one continuous sound on the horn until the building is cleared. All students will move in a quiet and orderly fashion with their teachers to a designated area and remain there until the clearance signal has been given by the office. All driveway areas must be kept clear during fire drills.

**GOVERNOR’S HONORS PROGRAM**
The Governor’s Honors Program is a high-powered, academic summer program for high school students. They take courses in specific academic areas as well as in high interest or elective areas. These courses are taught by master teachers with exceptionally strong backgrounds, but also with wide-ranging interests and a general interdisciplinary approach to teaching. Governor’s Honors serves rising juniors and seniors statewide who are extremely capable and highly motivated, and who demonstrate a firm commitment to a particular academic area. Both past performance and present level of interest are assessed by GHP reviewers in their search for students who have gone beyond the expected and the required. In addition, nominees must have taken the PSAT in order to qualify. Students who attended Governor’s Honors in the past are ineligible. Students may nominate themselves for local consideration or by faculty member may nominate a student. A faculty member’s endorsement must accompany a self-nomination. Nominees are screened by local school committees and candidates for each area determined. The school’s selections are sent to the state, where further screening determines final Governor’s Honors candidates.
**GRADING**

Students and parents/guardians are advised to seek assistance from teachers and/or counselors early in the semester if grades are below passing. Grades are based on class participation, class work, homework, examinations, and any special project that the classroom teacher may assign. When work is missed because of absences, it is the student’s responsibility to make it up according to the guidelines established in the course syllabus. Teachers are required to notify parents in the event a student is in danger of not passing a course. The grading scale for the Newton County School System is as follows:

Incomplete: I*

*An “I” must be converted to a numerical grade prior to graduation.

End of Course Tests (EOC) shall be used as the final exam in courses assessed by an EOC and shall count 15% of the final numeric grade as prescribed by State Board Policy IHA for students who entered prior to 2011-2012. EOCs will be counted as 20% of the final numerical grade for students entering 2011-2012.

**NO CREDIT (NC)** – Grade designation for withholding unit credit.

An Incomplete (I) may be given to a student at the end of the semester only upon approval of the Principal or his/her designee. Students will have up to 14 calendar days after the end of the semester to make up incomplete work. The principal reserves the right to determine the number of days given a student to make up work within the 14-day period. Students may not have an “Incomplete” on their transcript at the time of graduation.

Exception: Students not taking an End of Course Test during the regularly scheduled administration for that test will receive an Incomplete in the corresponding course until that test is taken. When a student fails to take the appropriate EOC by the end of the first semester of the senior year, a zero will be recorded and the zero will be averaged in to the semester grade to compute a final grade.

The numerical grades in Advanced Placement (AP) courses and Dual Enrollment courses will be weighted. Beginning with the graduating class of 2012 (entering ninth grade as a freshman in 2008-09), 10 points will be added to the student’s final class average for all Advanced Placement courses, Dual Enrollment and Move on When Ready (MOWR) courses.

Grade designation is done at the beginning of the school year based on the above chart. Grade placement should not change mid-year. For example, a student designated as a sophomore at the beginning of the year cannot be designated a junior until the beginning of the first semester of the following year. In addition, grade designation changes for students who are considered “graduating juniors” may be made after final transcripts have been posted and verified by a counselor (late May, early June).

**GRADUATION INFORMATION**
Newton County Schools Board Policy IHF: Students will not receive a diploma until all requirements are met as established by the Newton County School System and Georgia Department of Education. **To participate in commencement exercises a student must have earned all units required for graduation and have passed ALL SECTIONS of the Georgia High School Graduation Tests or have achieved proficiency on one of the two EOCs in each subject area (Language Arts, Social Studies, Science and Math) or have a waiver/variance approved by the State Board of Education.** A student not completing the requirements with their graduating class who completes the requirements in the summer or during the next school year may participate in the upcoming graduation exercises, if so desired.

**It is the responsibility of the student**, with assistance from teachers and counselors, to ensure that courses selected are adequate for graduation requirements.

Students may not return to high school after receiving a GED or diploma from another school/country. See “Georgia High School Graduation Test for Procedures for Processing GHSGT Waivers/Variances Requests”

Students with significant cognitive disabilities who enter ninth grade in 2008-09 may graduate and receive a **REGULAR HIGH SCHOOL DIPLOMA** when the student’s IEP team determines that the student has completed an integrated curriculum (ACCESS) based on the Georgia Performance Standards that includes instruction in mathematics, English/language arts, science and social studies as well as career preparation, self-determination, independent living and personal care. Students receiving this diploma must have participated in the Georgia Alternate Assessment (GAA) in middle school and earned a proficient score on the high school GAA. A Regular High School Diploma is awarded to students with disabilities who have met all requirements by the conclusion of the school year the student turns twenty-two (22) or transitioned to employment/training in which the supports needed are provided by an entity other than the local school system.

Students who enroll from another state must meet the graduation requirements defined by their first year of entry into high school and they must meet the state assessment requirements as determined in Georgia Board of Education rules with the exception of children of military families (Georgia DOE Student Assessment Handbook, p. 73)

**EDUCATION OF CHILDREN OF MILITARY FAMILIES**
In an effort to ensure that military students who transfer into Georgia schools will not be disadvantaged by their family’s military moves, the Georgia General Assembly, during its 2009 session enacted several laws relating to the education of children of military families. The goal of the legislation is to maximize a student’s educational continuity despite the frequent movement across states and school districts that is often the result of a parent serving in the military. While many of the laws are similar to provisions in the Interstate Compact on Educational Opportunity for Military Children, Georgia is not a member of that compact. The laws are codified at O.C.G.A. §20-2-2140 through §20-2-2180. Of particular interest for Georgia’s assessment programs are the provisions for flexibility in the GHSGT and GHSWT in the Education of Military Children law.
It is the responsibility of the student, with assistance from teachers, parents, and counselors, to ensure that courses selected are adequate for graduation requirements.

Students may not return to high school after receiving a GED or diploma from another school/country.

**HEALTH RECORDS**
Georgia law requires that every student enrolled in a Georgia public school have a Certificate of Immunization on file. Students who do not provide the school with an approved certificate will not be allowed to remain in school.

Vaccinations and vaccination records may be obtained from the Newton County Health Department or from a private physician. Please note that the vaccination record must be on an official form provided by the Georgia Department of Human Resources.

In addition, those students entering Georgia public schools for the first time must provide an eye, ear, and dental certificate.

**HONOR GRADUATES**
In order to be an Honor Graduate, a student must meet the following requirements:

- Has not received an NC (No Credit) due to absences.
- Has not been suspended for a formal hearing on more than one occasion.
- Has not withdrawn during high school to attend a home school program and re-enrolled.
- Has completed seven consecutive semesters from one or more of the following categories of schools beginning with the first semester of their freshman year:
  1. A standard Georgia public school as defined in State Board Rule 160-3-2-01.
  2. A secondary school holding accreditation or provisional status from the Georgia Accrediting Commission, and/or one of the accrediting agencies that is a member of the Georgia Private School Accreditation Council, or any other public school accredited by a state agency recognized by that state’s Department of Education.
  3. A secondary school accredited by one of the following regional accrediting agencies: Middle States Association of Colleges and Schools, New England Association of Schools and Colleges, North Central Association of Colleges and Schools, Northwest Association of Schools and Colleges, Southern Association of Colleges and Schools, Western Association of Schools and Colleges.
  4. A school from another state accredited by that state’s accrediting agency; or
  5. Schools accredited by the accrediting Commission for Independent Study, Inc.
- Rank is based on the first seven consecutive semesters during the student’s high school career with the final four (beginning with the 2nd semester of his/her sophomore year) of the seven semesters having been completed at the school from which he/she is graduating. **It is important to note that class rank includes the first semester progress of the student’s senior year.**
- Rank fluctuates each semester; final rank is not available until second semester for seniors.
- The students designated as the first and second honor graduates shall be named from the Honor Graduates based on the highest and second highest numerical average earned.
• The next eight students in rank of the Honor Graduates shall comprise the “Top Ten” students.

• **Honor Graduates**: Any graduating student who has earned an overall high school GPA of 90 or above for the first seven consecutive semesters. The GPA includes any additional weights for AP/Dual Enrollment/MOWR courses. Grades earned in an accredited middle school for which unit credit has been awarded shall not be included in the computation of the grade point average.

**HONOR ROLLS**
The Newton County Schools System encourages students to strive for academic excellence. In order to recognize students who excel, the following honor rolls are submitted to the press at the end of each semester:

- **Principal’s Honor Roll**: An A for each course taken (90 or above for each course).
- **Merit Honor Roll**: A semester average of 85 or above with no NC’s. A/B Honor Roll

**INJURIES**
Injuries should be reported promptly to the office. Attempts to reach the students’ parents will be made to notify them of the injury. In serious cases, medical assistance may be called. Parents are responsible for medical bills when students are injured at school or participating in a school sponsored event.

**INSURANCE**
Accident insurance may be purchased on an optional basis. The insurance covers the student en route to and from school and while attending school. Insurance is mandatory for each student participating in athletics, certain trades and industry courses and work-study courses. Information about insurance will be provided by the homeroom teacher.

**NEW RESIDENT STUDENTS- 12th Grade**
Any student transferring into the Newton County School System at grade twelve must meet the requirements to receive a diploma from the Newton County School System as detailed in the Program Planning Guide of his/her high school of attendance unless they are a student of a military family (see Military Section under Graduation Credentials).

**FOREIGN EXCHANGE STUDENTS**
The attendance of foreign exchange students in Newton County Schools is accepted as an educational opportunity for local schools and an expression of international goodwill for the school system.

The number of foreign exchange students accepted for a school year in Newton County shall depend on current enrollment and be at the discretion of the principal. Prior to committing to a host family, the representative of the foreign exchange company should obtain written permission from the principal or designee for a student’s enrollment in the high school and have contact with the ESOL Coordinator. All foreign exchange students must adhere to all standard operating procedures and practices found in the program planning guide, student handbook, and provided school notification.

Students accepted from exchange programs should enter at the beginning of a semester and be involved in a full school year program. A complete transcript translated into English should be presented to the local school six weeks prior to the first day of school. This must include courses taken each year and grades earned. The number of clock hours per credit must be specified. Refer all foreign exchange students’ transcripts to the ESOL Coordinator for evaluation.

All courses must be taken for credit. Auditing is not allowed.

The age of foreign exchange students must not exceed nineteen (19) on September 1, of the year enrolled in Newton County Schools.

Foreign exchange students shall not be eligible for the minimum day program in high school.
Foreign exchange students seeking a diploma from the Newton County Schools must declare so in writing six weeks prior to the first day of school, and must meet the requirements for graduation as set forth in the Program Planning Guide to include all testing requirements. The foreign exchange student may not participate in the graduation ceremony unless the student is receiving a high school diploma from the Newton County School System.

SEX EDUCATION
The Science/Health curriculum follows the objectives of the GPS and local objectives approved by the Board of Education. Parents who do not wish to have their children participate in class while these objectives are being covered should notify the teacher in writing at the beginning of the semester.

STAR STUDENT
STAR (Student Teacher Achievement Recognition) Student nominees must satisfy all of the following requirements:

1. Be a legally enrolled senior in an accredited Georgia public or private high school. The school must be accredited by the Georgia Accrediting Commission or the Southern Association of Colleges and Schools. Seniors who are jointly enrolled in high school and college are eligible for STAR honors if all other requirements are met. College and high school grades are averaged to determine rank in the senior class. Seniors who have completed graduation requirements prior to the end of the school year and who will graduate with the current year’s graduating class are eligible for STAR honors if they meet other requirements.

2. Take the College Board Scholastic Assessment Test (SAT) during the junior year (11th grade beginning June following the sophomore year) through November test date of the senior year (12th grade). Score highest on one test date (scores may not be combined from two test dates) on the Scholastic Assessment Test (SAT) among qualified seniors in the school. Nominees’ SAT scores must equal or better the latest available national high school average on each test. Scores submitted for competition must be from one test date. Scores may be from the junior year (beginning with June following the sophomore year) or the senior year (through the November test date.) Verbal and math scores may not be combined from two different test dates. To summarize, scores to be submitted must be the highest composite score (verbal and math) achieved on one test date. The verbal and math score must be equal to or better than the national average indicated above.

3. Be in the upper 10 percent, or one of the top 10 students, in the senior class, whichever category provides the larger number of eligible students in the school.

TESTING PROGRAM
As referenced in Rule 160-3-1-.07 (Testing Programs – Student Assessment) students shall meet state assessment requirements for graduation as follows:

NOTE: A STUDENT WHO HAS NO MEANS OF WRITTEN COMMUNICATION DUE TO A SEVERE PHYSICAL DISABILITY SHALL NOT BE REQUIRED TO TAKE THE WRITING PORTION OF THE STATE ASSESSMENT REQUIREMENT AS SPECIFIED IN RULE 160-3-1-.07.

Georgia Milestones End of Course Assessment
Students will be required to take an End-of-Course Test in each of the following courses: Coordinate Algebra/Algebra I, Analytic Geometry, Math I, Math II, Physical Science, Biology, 9th Lit/Comp., American Literature, Economics, and United States History. If a student receives an Incomplete due to failure to take the EOC, the student must take the test prior to the last day of the student’s first semester as a senior. If the student does not take the EOC by this date, a zero will be averaged as EOC percentage of the grade within the first on-line make-up session following the main administration.

In order for a student to earn unit credit for a course that is assessed by an End-of-Course Test, the following weighted calculation must be used: a student’s numeric score on the End-of-Course Test shall count for 15% of the student’s final numeric grade in the course assessed by the End-of-Course Test for students entering prior to 2011-2012; for students entering in 2011-2012 and subsequent years, all EOCs shall be counted as 20% of the course grade.
All testing information listed above is subject to change based upon guidelines set forth by the Georgia Department of Education.

Assessing Comprehension and Communication in English State to State for English Language Learners (ACCESS for ELLs)

This is an English language proficiency test administered annually to all English language learners (ELL) in Georgia for the purposes of determining the English language proficiency level of students; providing districts with information that will help them evaluate the effectiveness of their ESOL programs; providing information that enhances instruction and learning in programs for English language learners; assessing the annual English language proficiency gains using a standards-based assessment instrument; and providing data for meeting federal and state requirements with respect to student assessment.

Georgia Alternate Assessment (GAA)

This is a portfolio assessment designed for students with significant cognitive disabilities under the Individuals with Disabilities Education Act (IDEA) whose IEP team has determined they are unable to reasonably participate in the regular assessment program. The purpose of the GAA is to ensure all students, including students with significant cognitive disabilities, are provided access to the state curriculum and given the opportunity to demonstrate progress toward achievement of the state standards.

VISITORS

Students are not allowed to bring visitors to school unless prior written permission has been granted. All visitors on campus must have written permission to visit. Parents wishing to visit a class must have prior written permission from an administrator. ALL VISITORS MUST CHECK IN in the front office.
DISCIPLINE – CODE OF CONDUCT

The Newton County Board of Education operates on the philosophy that all students have the right to learn. The Board believes that students shall be responsible for their behavior; shall be in attendance and on time for school/classes, shall participate fully in the learning process; and shall recognize and respect the rights of other students and adults. To do so, each student must be in a school climate that is satisfying and productive, and one that is without disruptive behavior by any student infringing upon the rights of others.

Students are to respect constituted authority which includes following school procedures and obeying school rules and regulations. Additionally, discipline is a partnership between the home and the school. The Board anticipates that parents will be concerned and cooperative in dealing with any behavior problems which may arise.

The Board of Education annually approves middle and high school codes of conduct which include rules and procedures based on local and state laws and policies. The student disciplinary rules and procedures are developed by the administration with input where appropriate from students and parents. These rules are age appropriate, delineate standards of behavior and provide for progressive dispositions where appropriate.

To promote better discipline, school personnel are encouraged to use preventive measures such as, but not limited to, conferences, counseling, school social worker referral and Response to Intervention (RtI) referrals. Misbehavior governed by the code may occur during school hours, outside school hours, on school grounds or campus, off school grounds or campus, at school-sponsored activities whether on or off school grounds/campus, and/or on school-sponsored transportation. School administrators may, at their discretion, require a student and his/her parent(s) to sign a behavior contract as a prerequisite for enrollment.

Disposition or disciplinary action taken is intended to show the student how he/she has ownership of the problem, to help the student formulate ways to prevent the problem from recurring, and to inform the parents of the misconduct. The administration is authorized to use a variety of corrective measures including, but not limited to, student and/or parent conferences, mediation, detention of the student with a teacher or administrator, in-school suspension, Saturday work, or out-of-school suspension to provide for a safe learning environment. Serious behavior problems, which could result in long-term suspension or expulsion, require a hearing before the Disciplinary Hearing Panel.

Student behavior which violates state or federal laws as specified in O.C.G.A. 20-2-1184 will result in a report being filed with the appropriate police authority and district attorney.
Definition of Terms and Basic Information Relating to Discipline Code Rules and Procedures:

A. ALTERNATIVE SCHOOL

The Newton County Board of Education has made a substantial commitment to dropout prevention and recovery efforts. The cornerstone of these efforts on the secondary level is the Ombudsman Program. The purpose of the program is to provide an educational opportunity for those students who, for various reasons, are at risk of not completing their education in the traditional school setting.

Student assignment to the Ombudsman Program shall occur when the student placement is determined by a disciplinary hearing. Due to limited course offerings, placement in all matching courses (foreign language; CTAE courses, etc.) from the student’s home school is not guaranteed at the Ombudsman Program. A referral to the system-wide placement committee may be made for students enrolling from other alternative school settings, students who are not on track for graduation, overage middle school students, and/or for students who are enrolling with extensive disciplinary infractions. Students returning to their zoned school from an alternative setting or expulsion are returning on a probationary status and a behavior contract may be issued.

B. IN-SCHOOL SUSPENSION PROGRAM (ISS)

Placement in ISS is the removal of students from their regular classes for a period of time to a highly structured, supervised classroom environment. Parents will be notified by phone or letter when students are assigned to ISS. Students are counted present for school attendance and are provided individualized assignments from their regular classroom teachers. Students who fail to abide by the rules and regulations of ISS may receive additional ISS days, be suspended from school, or be terminated from the program. This suspension will be separate from, and in addition to, any days already served in ISS. Any absences during an ISS assignment will be made up before the student returns to the regular classroom.

Students will bring basic learning supplies, (including all textbooks and folders), will do assigned work quietly in their seats or wherever appropriate, will show respect for themselves and others, and will obey all school rules and regulations. Students assigned to ISS will be suspended from any game or event scheduled during the time of assignment to ISS. Students may be allowed to practice with their team or organization when assigned to ISS. Once a student is assigned to ISS, the assignment will be completed before the student returns to the regular classroom.

C. OUT-OF-SCHOOL SUSPENSION (OSS)

Out-of-school suspension (OSS) is the removal of students from school for a specified period of time. Students are not allowed on campus during the school day nor are they allowed to attend any school function during the period of suspension. A parent conference is required for any out-of-school suspension. A parent conference must be held prior to re-entering school.
1. **SHORT-TERM SUSPENSION** - Removal of student from school and all school-sponsored activities, including classroom attendance, for not more than ten school days. The Principal makes all decisions relative to short term suspension; the decision is final.

2. **LONG-TERM SUSPENSION** - Removal of student from school and all school-sponsored activities, including classroom attendance, for more than ten days but not beyond the current semester.

3. **EXPULSION** - Removal of student from school and all school-sponsored activities including classroom attendance beyond the current school semester.

4. **SUSPENSION TO A FORMAL HEARING** - The hearing of all charges and evidence against a student for discipline offenses by a disciplinary hearing panel appointed by the Superintendent of Newton County Schools. Parents are sent written notification through the mail of the charges, witnesses, and date/time of the hearing. Disciplinary action taken by the hearing panel may include, but is not limited to, short-term suspension, long-term suspension or expulsion. **If a student is referred to a disciplinary hearing or accepts the waiver option the student is under probationary status for one calendar year from the date of the hearing/waiver. If a second disciplinary hearing is necessary for the student under probation, the administrative recommendation regarding disciplinary action will be for expulsion for a minimum of one school year.**

   An administrator, at his/her discretion, may choose to offer a waiver of hearing to a student suspended with a charge(s) for violation of the rules and regulations of the Newton County Schools. The parent/guardian will be given written notification by letter of the charges and formal hearing options—either a waiver with acceptance of disposition or formal hearing before the disciplinary hearing.

5. **MAKE-UP WORK FOR SUSPENDED STUDENTS** - A student under suspension will be allowed to make-up work and receive full credit. Some work, by its very nature is impossible to make up and may necessitate alternative assignments. The principal (or designee) is the final authority in determining alternative assignments. Students will lose credit for any work not made up within the number of school days suspended. For example, if a student is suspended 3 days, the student will have 3 days upon return to school to complete make-up work. After returning to school, **students are responsible to request assignments missed during a suspension.** If the work is not made-up by the student in the time specified, a zero shall be recorded for assignments that were to be graded.

**D. SUSPENSION FOR PARENT CONFERENCE**

For a disciplinary reason a student may not be allowed to attend school until a parent conference is held as specified by the administrator on the referral. It is not necessary for students to miss any school time provided a parent/guardian complies with the conference request. A phone conversation or a personal parent conference may be required.
E. **AFTER SCHOOL DETENTION**

Students may be detained by a teacher or school administrator after school for up to one hour. Notification at least twenty-four hours in advance is sent with students to his/her parents regarding the date(s) and time(s) of detention. Any student assigned detention must spend his/her specified time within the designated area.

F. **SATURDAY WORK DETAIL PROGRAM**

Students may be assigned to work detail for one or more Saturdays (up to four hours/Saturday). Students will adhere to strict supervised work assignments on a school campus. Failure to report to the Saturday work detail at the assigned time, and for the duration, will result in a one - three day suspension. The regulations for the Saturday Work Detail Program are as follows:

1. A student absence from an assigned Saturday Work Detail Program may be excused only by a confirmed emergency. All excuses will be thoroughly checked. If a student is unable to attend, his/her parent needs to call the school before Saturday or be at the worksite by 8:00 a.m. to explain the absence to the supervisor.

2. Students who do not show up for assigned Saturday Work Detail or stay the duration will be suspended from school for one day.

3. Students must report to the assigned work area by 8:00 a.m. Late arrivals will be sent back home immediately and suspended for one day. **Parents/students should plan to arrive early to avoid unforeseen delays.**

4. Students must obey all rules and regulations. The supervisor will call for a parent to come to get a student for any violation of school rules, regardless of the time of the day. A one-three day suspension will follow.

5. Students are expected to be working at all times. Students will receive warnings from the supervisor if they are not working sufficiently. More than two warnings means the student will be dismissed and will be given a one day suspension, regardless of the time of day the dismissal occurs.

6. One (1) 15-minute break will be given in the morning.

7. Students should dress appropriately.

G. **ADDITIONAL INFORMATION ON SCHOOL RULES AND PROCEDURES**

1. **SCHOOL OFFICES/MAJOR OFFENSES** - Students involved in major offenses such as alcohol and/or drugs or in repeated violations of other offenses will not be allowed to participate in any elected and/or appointed position representing the student body.

2. **SEARCH AND SEIZURE** - To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may
search a student, student lockers, vehicle, digital content of electronic devices and seize any illegal, unauthorized, or contraband materials discovered in the search.

Periodic general inspections of lockers may be conducted by school authorities for any reason at any time without notice, without student consent and without a search warrant.

High school students are permitted to park on school campuses as a matter of privilege, not of right. Patrols of student parking lots or parking areas and inspection of student vehicles may be conducted without notice, without student consent, and without a search warrant.

3. **SELLING** - No items may be sold on campus without permission of the administrative staff.
   All such items and money will be confiscated. The school assumes no responsibility for confiscated items, but will return such item(s) to the parent/guardian on request.

4. **FOOD AND DRINKS** - Students may not leave campus to buy lunch and then return with that lunch. Students may bring lunches from home. **Commercially prepared lunches may not be delivered to students.**

5. **TARDINESS** - Tardiness is defined as a student not being in the designated area for instruction to begin at the time specified or when the tardy bell rings.

6. **HALL PASSES** - Students are not to be in the halls during class without an official hall pass.

7. **ELECTRONIC COMMUNICATION DEVICES** - The Newton County Board of Education permits the use of personal technology for instruction purposes as designated by the administrator or teacher. La ley escolar del estado de Georgia requiere que un padre/tutor tiene el derecho de negar permiso a su hijo unirse o participar en un club u organización patrocinado por la escuela con la que se opone. La ley excluye a los clubes que participan en las actividades entre escuelas competitivos. En la sección de la escuela de este Manual hay una lista de los clubes patrocinados por la escuela que cumplen con este requisito. A continuación hay una declaración no participar en clubes lo cual he elegido, si completado, a nombrar cualquier club en el que no quiero que mi hijo participe.

Si apuntado a continuación, retengo mi permiso para mi estudiante participar en el/los club(es) que he designado:
