## BRAINPOP

[WWW.BRAINPOP.COM](http://WWW.BRAINPOP.COM)

**BrainPOP** is now a part of your children's curriculum. Your school has purchased a subscription to this award-winning web delivered resource, enhancing children's engagement in the classroom. **BrainPOP** is an educational website for students in grades K-12 (ages 6-17) covering the subjects of mathematics, technology, health, science, social studies, arts & music, and English.

Because **BrainPOP** is delivered entirely online, there's nothing to install or download. Home Access accounts include 24 hour home access for students.

Getting started is easy by using the step-by-step Guide at [www.brainpop.com](http://www.brainpop.com)

User Name:

Password: brainpop

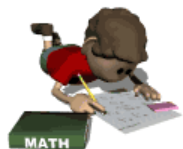

## GCF LearnFree

[WWW.GCFLEARNFREE.ORG](http://WWW.GCFLEARNFREE.ORG)

**GCFLearnFree.org** provides free, quality and innovative online learning opportunities to anyone who wants to improve the technology, literacy and math skills necessary to be successful in both work and life. This provides the opportunity to learn what you want, when you want. Learn at your own pace. There are over 750 free lessons and 250 videos. Computer lessons include computer basics, Excel, Facebook 101, MS Office, Internet Basics & Google. Math lessons cover addition, subtraction, multiplication, division, fractions, decimals and percentages. The reading lessons help all levels of readers to be more proficient.

**GCFLearnFree.org** is easy to use and getting started is as simple as accessing the website. This site does not require a username or password.

## 24/7 Online Math Help

<http://online.carnegielearning.com>

**24/7 Math Help** is a service that provides free assistance from professional tutors using web-based communication tools. Students can select and work with their tutor at anytime and anywhere without scheduling appointments.

24/7  
Online  
Math Help

**It's So Easy:** Go to the website <http://online.carnegielearning.com> choose to launch the software as "**student**". Enter the school ID (**newton sd-30014**) and click on the **register link**.

*\*Students will use their current school computer log in and password information. Reference the student help guide online if there is a problem with registration.*

**For more information or support please contact your child's school.**
