GRIEVANCES AND DISCRIMINATION

Decisions made by school personnel which are in violation of federal and state laws are defined as grievances. Grievances shall be resolved through orderly processes and at the lowest possible level. However, the Newton County Board of Education shall provide channels for eventual hearings, should circumstances dictate. Grievances shall be approached in the following manner:

1. The opportunity shall be provided any student or his/her parents to discuss with his/her teachers the grievance.
2. If the matter is unresolved, it may be brought to the attention of the principal within five school days from the date of the initial contact.
3. If the matter is unresolved, it may be brought to the attention of the School Superintendent within ten school days from the date of the principal's decision.
4. If the matter is unresolved, it may be referred in writing to the Newton County Board of Education within ten school days of the Superintendent's decision.
5. Unresolved grievances may be appealed to:
Director, Department of Education
Office for Civil Rights
101 Marietta Towers
Atlanta, GA 30223
6. Sports equity grievance procedures are available in the offices of each secondary school.

Federal law prohibits discrimination on the basis of race, color or national origin (Title VI of the Civil Rights Acts of 1964); sex (Title IX of the Educational Amendments of 1972 and Title II of the Carl D. Perkins Vocational Education Act of 1984); or handicap (Section 504 of the Rehabilitation Act of 1973) in educational programs or activities receiving federal financial assistance.

Employees, students and the general public are hereby notified that the Newton County School District does not discriminate in any educational programs, activities including sports, or in employment policies. The following individuals have been designated as the employees responsible for coordinating the district's effort to implement this nondiscriminatory policy.

IX - Dr. Paulette Bragg, Director of Federal Programs
Title II - Ms. Samantha Fuhrey, Director of Professional Learning
Section 504 - Special Education Director
Georgia Equity in Sports - Mr. Dennis Carpenter

Inquiries concerning the application of Title II, Title VI, Title IX, Section 504, or Equity in Sports to the policies and practices of the district may be addressed to the persons listed above at Newton County Schools, 2109 Newton Drive, Covington, 30014; to the Georgia Department of Education, Twin Towers East, Atlanta, GA 30334; to the Regional Office for Civil Rights, Atlanta, GA 30323; or to the Director, Office for Civil Rights, Education Department, Washington, D.C. 20201.

ADMISSIONS and ENTRANCE AGE

Children who have reached their fourth birthday on or before September 1 of the current academic year are eligible for pre-kindergarten. Only 520 students may be served in the lottery funded, pre-kindergarten program. Children who have reached their fifth birthday on or before September 1 of the current academic year are eligible for kindergarten. If a child has reached his/her sixth birthday on or before September 1 of the academic year, he/she is eligible for the first grade.

All students are eligible for school registration per policy guidelines of the Newton County Schools. For pre-kindergarten students a special registration is held at a designated school site in the spring. Parents may register their students in grades K-5 at the designated elementary school within the attendance zone where they live. At enrollment the parent/guardian should bring the following for each enrolling student:

1. **Proof of Prior School Enrollment, if a transfer student.** A withdrawal form and unofficial transcript or report card will provide proof of prior school enrollment.
2. **Residency Verification.** The parent/guardian must provide **both** a non-contingent sales contract or lease or deed (may use a current tax receipt) **and** at least one utility bill (i.e. water, electricity or gas bill) or receipt of service deposit in the parent/guardian's name with the same address validating residency in Newton County at the time of registration (**No Post Office Box**). **A student will be withdrawn from the Newton County Schools if it is discovered that he/she was admitted with fraudulent residency information. NOTE: Verification of residence within Newton County may be requested at any time at the discretion of the administration regardless of the date of enrollment within the school system.**

When a student's family is residing in the home or apartment of another individual, the following are necessary for enrollment:

- a. A notarized affidavit signed by the individual with whom the student's parent/guardian is residing verifying that enrolling parent/guardian is residing in that home or apartment. When the residence is an apartment of someone else, the affidavit must also be witnessed by apartment manager, and
 - b. Proof of residency documents for that individual with whom parent/guardian is residing (See No. 2 above).
3. **Custody/Guardianship.** The person enrolling a student shall present proper identification which may include a driver's license, a state identification card, or passport. Proof of custody/guardianship must be provided if the child does not live with one or both parents. This document must be provided at the time of registration.
 4. **Immunization Form.** All students, including foreign exchange students, must submit a Georgia Certificate of Immunization, on form 3231. (If a certificate is not provided upon enrollment, Georgia students are allowed 30 days to submit the certificate and out-of-state students are allowed 90 days.) Students who do not comply will be withdrawn from school. Students enrolling in the sixth grade for the 2009-2010 school year must provide the 3231 or 3189 form stating that the chicken pox vaccine has been administered or proof of the disease.
 5. **Eye, Ear, and Dental Form.** All students entering a Georgia Public School for the first time or re-entering after having been absent from a Georgia school for at least one school year must have on file the Georgia DHR Form 3300 Certificate of Eye, Ear, and Dental Examination within 120 calendar days of entrance date. (Out-of-state forms will be accepted if dated within the last twelve

months.) Pre-kindergarten students must have a certificate of eye, ear and dental examination (DHR Form 3300) on file within 90 calendar days.

6. **Birth Certificate.** The copy must be the state issued birth certificate that includes the certificate number. The name on the child's birth certificate will be the name used on all school records unless a certified copy of a court ordered name change is provided.
7. **Social Security Number.** Original to be copied by school secretary. The name on the social security card must match the name on the birth certificate.

It is the responsibility of the parent/guardian to update any of the above information as changes occur.

School secretaries and leadership personnel will assist parents with any questions they may have regarding the registration of their children.

ATTENDANCE and TARDINESS

Georgia compulsory school attendance law requires all students of school age (through the age of 15) to attend school on the opening date and be in regular attendance thereafter. According to Newton County School Board Policy, students are to attend school in the zone of their residence.

Success in school and promotion to the next grade greatly depends on the student's attendance on a daily basis. School personnel will work with parents whose children are sick or miss school for other legal reasons. Please make every effort to send the child to school each day.

In support of good school attendance, a protocol has been developed by representatives of the following agencies/offices: Department of Family and Children Services; Juvenile Court; District Attorney's Office; Sheriff's Office; the Chiefs of Police of Covington, Oxford and Porterdale; Health Department; Mental Health; the Community Partnership; and the Board of Education. The protocol states the commitment of the groups to identify, report, investigate and prosecute cases of alleged violation of the state law related to school attendance.

Changes in Georgia law require that parents or guardians must sign a statement indicating receipt of written attendance requirements and possible consequences/penalties. The Parent Notice of Understanding on page 45 of this handbook indicates such receipt of attendance requirements. Students in grade four and above must sign a statement indicating receipt of the requirements and possible consequences and penalties. If the Notice is not returned to school, the school will have met its responsibility to notify the parent/guardian of the requirements and possible consequences/penalties, if after two reasonable attempts to secure signatures, the parents or guardians are sent, via certified mail, return receipt requested, a copy of the statement.

The child who is tardy for school loses valuable instructional time and causes undesirable disruption in the classroom. Also when a child is frequently checked out of school early he/she loses valuable instructional time. If a child is tardy, he/she, along with the adult who brought the child to school, must report to the school office to receive his/her tardy pass.

Unexcused tardies or early checkouts are strongly discouraged. Simply checking a student out of school does not constitute an excused absence for the classes missed. In order for an absence or tardy/checkout to be excused, a parent/guardian must provide appropriate documentation for the classes missed within three (3) days of the absence.

Students are legally excused from attendance according to Georgia law for (1) illness, (2) death in the family, (3) religious holidays, (4) services as a Page in the General Assembly, (5) when attendance might be hazardous to their safety, and (6) when mitigating circumstances warrant, as determined by the principal. Credit for make-up work will be granted only when the absence is excused as defined above.

Perfect yearly attendance recognition is based on having no absences and a combination of not more than four unexcused tardies and/or early checkouts.

Academic Consequences of Absences

When a student is absent, a written statement from the parent/guardian is required to be presented within three days upon re-entry to document the reason(s) for absence; otherwise the absence will be recorded as unexcused.

Students who have an excused absence must initiate make up work with teachers on the first day they return. The teacher will determine deadlines for the completion of assignments.

It is the responsibility of the student to keep up with all assignments whether absences are excused or unexcused. The school will not deny the student the right to the information missed for an unexcused absence. However, a student may receive a “zero” on any graded class assignment for any unexcused absence and will not be permitted to make up tests.

A student under suspension will be allowed to make up work, and receive full credit. Some work, by its very nature is impossible to make up and may necessitate alternative assignments. The principal (or designee) is the final authority in determining alternative assignments. Students will lose credit for any work not made up within the number of school days suspended. For example, if a student is suspended for 3 days, the student will have 3 days upon returning to school to complete make up work.

Parents/ guardians may submit written excuses for up to five (5) days of absences. After five (5) cumulative absences a student must present documentation from a medical provider of personal illness in order for any further absences to be excused due to illness. School administrators have discretion to evaluate extenuating circumstances regarding this procedure. Absences resulting from any other reason specified as “excused” will be accepted with appropriate documentation i.e., a copy of a subpoena for a court appearance etc. (See Section A) Failure to provide this documentation within 3 days after returning to school will result in absences recorded as “unexcused.”

Consequences for Parents/Guardians of Children with Excessive Absences

In order to comply with the law, parents and guardians of students with more than five (5) unexcused absences may be referred to the appropriate court and will be subject to fines of not less than \$25.00 nor more than \$100.00 or imprisonment up to 30 days or community service or any combination of penalties. (Code Section 20-2-690.1) After notification that a child has five (5) unexcused days of absence, each absence shall constitute a separate offense.

In an effort to keep parents informed of student's absences, the teacher will refer the name of each student who has three unexcused absences to the principal and/or designee. The principal and/or designee will contact the parent/guardian.

For a student with five unexcused days of absence, the school system will make two reasonable attempts to notify parents/guardians of the unexcused absences. Notification may include one or more of the following: a letter to the parent/guardian, phone call to parent/guardian or a phone call to the residence via School Messenger. If there is no response from the parent/guardian, they will be notified via certified mail, return receipt requested of the unexcused days. It is also possible for parents to check attendance via the internet on *StudentTrack*.

BUS SAFETY, PROCEDURES and RULES

Students being transported by school bus are expected, regardless of the type of weather, to be at their designated bus stop at least five minutes before the bus arrives. Drivers will not wait on students.

Students are expected to learn and follow all bus rules as stated in the Student Discipline Section of this handbook. They should always cooperate with and listen to the bus driver or the substitute bus driver. Failure to do so may result in suspension of bus riding privileges by an administrator. Questions regarding the school bus program or bus routes may be addressed to the school principal or to the county bus supervisor at 770-784-2909.

1. The bus driver is responsible for each child's safety and must be obeyed at all times. He/she has the authority to assign seats.
2. Please help keep the bus clean by not eating or drinking.
3. Please be courteous to fellow riders and the driver. Use of profanity or violent acts will not be tolerated.
4. For safety's sake, remain in the seat at all times and especially while the bus is in motion. Keep hands, head, and feet inside the bus at all times.
5. There must be no talking or distractions while at railroad crossings.
6. Please be considerate of fellow riders by being on time and standing at the appointed stop. The bus will not stop or blow the horn if students are not at the bus stop.
7. Be considerate of each parent/guardian's tax dollars by not marking on seats or being destructive.
8. Always wait for the driver's signal before crossing roadway, and cross the roadway immediately in front of the bus.
9. Yelling, screaming, hollering, or excessively loud talking is distracting and dangerous for the driver and is not permitted.

10. A student must ride his/her regular bus unless written permission from a legal guardian and/or a school official is provided.
11. A student is not allowed to get on or off the bus at any other place than their regular stop without written permission from a legal guardian and/or a school official. **NOTE:** Parents should not flag down buses for children to board or unload. Parents should not get children off the bus during dismissal.

Please see Rule 85 -- **MISBEHAVIOR ON SCHOOL BUS**—for the disposition for the offense of fighting on the school bus.

CHAIN OF COMMAND

Constructive criticism of the schools is welcomed by the Board of Education whenever it is motivated by a sincere desire to improve the quality of the educational program or to equip the schools to complete their tasks more effectively.

Members of the Newton County Board of Education have confidence in the professional staff and desire to support their actions in order that they are free from unnecessary, spiteful, or negative criticism and complaint. These statements do not supersede any employee’s or citizen’s rights to contact Board members directly. However, whenever a complaint is made directly to the Board as a whole or to a Board member as an individual, it will be referred to the administration for study and possible resolution.

The Board advises the public that the proper channeling of and most effective way to resolve complaints involving discipline, curriculum/instruction or transportation is to contact the individual at your student’s school who is designated by position in the chart below to deal with such concerns. Any issue outside of this chart’s listing should be addressed to the principal. The Board will consider hearing citizen complaints when they cannot be resolved through the use of the channels below.

Discipline	Curriculum	Transportation
Teacher	Teacher	Appropriate Assistant Principal
Appropriate Assistant Principal	Appropriate Assistant Principal	Principal
Principal	Principal	Transportation Director
Appropriate Director	Appropriate Director	Associate Superintendent
Associate Superintendent	Associate Superintendent	Superintendent
Superintendent	Superintendent	School Board Member
School Board Member	School Board Member	State Dept. of Education

COUNSELING SERVICES

The school has the services of a counselor. The counselor’s time is focused on providing students the following services: classroom guidance; small group counseling/guidance; individual counseling; and coordinating/consulting with parents and staff. Each student in grades kindergarten through five will receive instruction in the following areas:

achievement/motivation; interpersonal relationships; self-esteem and expression of ideas; rights and responsibilities; and career awareness and exploration. Interested or concerned parents should contact the school principal or assistant principal for information regarding these services.

CUSTODIAL PARENT/GUARDIANSHIP

The Newton County Schools will abide by state and federal laws regarding custody issues involving students enrolled in our schools. Change of custody (visitation swap) shall not occur on school campus. **The parent who enrolls a child is the parent who is entitled to the custody of the child at all times and has the authority to make decisions regarding his/her child.** If a natural parent contests the right of the other natural parent to make decisions affecting their child, whoever has custody/enrolled the child is empowered to make decisions for the student.

Under the Family Educational Rights and Privacy Act (FERPA) both parents have a right of access to their child's educational records. Both parents are allowed to discuss at reasonable times and intervals with teachers and administrators their child's progress in school and any problems requiring parental intervention. The non-custodial parent may visit their child at school unless specifically prohibited by the custody order. School visits are limited to specialized school sanctioned events or upon written approval of the custodial parent. Mail, telephone calls or gifts of a personal nature will not be accepted. If sent, they will be returned.

A step-parent does not by law have any authority to make educational decisions or obtain information from his/her step-child's educational records, unless, the natural parent has given written authorization under FERPA. The natural parent also may grant specific permission for the step-parent to be present at school events or conferences with teachers and administrators and to pick up the child at school. However, only the natural parent is empowered to sign documents that require parental signature.

If a parent has custody of his/her child and there are circumstances specifically stated in the court order that affect the child at school, the parent is required to provide a certified copy of the order and complete the Custodial Parent Request Form providing specific instructions and permissions given to the non-custodial parent. It is the custodial parent's responsibility to keep the school informed of any changes in the custody order or changes in the Custodial Parent Request Form.

CURRICULUM

Students in the Newton County Schools receive well-rounded, developmentally appropriate curriculum services. Students are expected to complete studies in the areas of language arts (reading, spelling, writing, grammar, vocabulary, listening, and speaking), mathematics, science/health, social studies, music, art, physical education, and handwriting. Curriculum objectives are based upon state and local requirements thus ensuring that all students receive comprehensive instruction in all areas of study. Further information regarding elementary curriculum practices may be obtained from the school principal or assistant principal.

DISCIPLINE and STUDENT SELF-CONTROL

No student should purposely interfere with a fellow student's right to learn. Therefore, each student is expected to behave in a manner that does not inhibit the educational opportunities and the safety of others. Likewise, students are to be treated with the rights and respect due any individual. The Newton County Board of Education has adopted policy JP/GAF which provides guidelines as to appropriate interactions between staff and students.

DISRUPTIONS IN THE SCHOOL DAY

Before the student leaves for school each day, please be sure he/she has all instructions and necessary materials. This will avoid undue disruption of instruction. If an emergency arises and it is necessary for a parent to notify their child, please leave a message with the school secretary. The office staff will relay the message to the child's teacher at the appropriate time. Please do not check the child out of school before the end of the instructional day.

If emergencies arise that require a child to be checked out during the instructional day, a student will be released from school only to a parent or legal guardian or other authorized person. Such persons should be properly identified. The parent or authorized person who will pick up the student must come inside the school, provide a picture ID, and sign the check-out record. Once the check-out procedures are finalized, students are expected to leave the premises immediately. **All phone calls and written requests should be received at least one hour before requested check-out time.** For safety reasons, transportation changes must be received in writing. The note should be signed and dated with a phone number so the note may be verified. If this process is not followed, some delay can be expected. In order to avoid confusion at dismissal, students will not be checked out after 2:00 P.M.

DRESS CODE

Every student shall be required to maintain the level of personal hygiene necessary to ensure a healthful school environment. Students are encouraged to observe a standard of grooming and dress consistent with the level of formality of the school situation. Students who fail to comply with the dress guidelines given below will be referred to an administrator and must change into acceptable garments. School attire which is not specifically covered in this section and which the administration believes is disruptive or distracting to the learning environment shall be prohibited.

PLEASE NOTE THE FOLLOWING.

EARLY INTERVENTION PROGRAM (EIP)

The Early Intervention Program (EIP) is a state funded program designed to provide additional instructional resources to students in grades kindergarten through five in the areas of reading and mathematics. Students are selected for program services based on criteria that include an eligibility checklist and standardized test scores. An EIP teacher works with the identified students to provide challenging instructional activities that are intensely focused on each student's academic deficiencies. These teachers carefully plan with the student's regular classroom teacher to provide the necessary instruction that will enable the students to meet grade-level standards.

Parents of EIP students are encouraged to become involved in various parent activities held throughout the year. Questions regarding the Early Intervention Program services may be directed to the school principal, assistant principal or the Director of Elementary Curriculum at (770)-787-1330.

EMERGENCY SCHOOL CLOSING - SEVERE WEATHER

In the case of severe weather (snow, ice, severe cold, etc.), the official announcement for school closing may be heard over the radio stations: WGFS 1430 AM, WSB 750 AM, WSB 98.5 FM, WBTS 95.5, and Star-WXIA 94.1. The message will be carried over television stations – WSB, WAGA, WXIA, and WGCL. Please listen to these stations instead of calling school officials. If announcements are not made before 7:00 a.m., parents/guardians should assume school will be in session as usual. Weather may necessitate the delay of the opening of school

on some days. When school is delayed, school buses will run their normal routes two hours later than usually scheduled and the school day will begin two hours later. No school breakfast will be served on these days.

If the weather should become severe during the school day, and school is going to be dismissed before 2:30 p.m., announcements of the school's closing will be made over the same radio stations. If a child's parent/guardian is not at home, the child must know an alternate place to go in the event of an emergency school closing. Parents/guardians will be asked to complete a form to designate where each child should go if school closes early. (Remember, like any other day, buses run only their normal daily routes and **cannot** provide special transportation services on emergency closing days.) Please be sure to discuss emergency closing directions with each child. The child should know what is expected in these situations. Whenever possible, lunch will be served at school even if school is being released early.

ENGLISH LANGUAGE LEARNERS

The English Language Learners (ELL) program provides a curriculum and instructional assistance to students not proficient in English because their native tongue is other than English. The elementary program provides skill instruction in listening, speaking, reading, writing, and American cultural concepts which students need to participate in regular classroom instruction. The elementary program is centered at Ficquett, Middle Ridge, West Newton, South Salem and Live Oak Elementary Schools and serves students from all elementary schools. Services will also be provided at Fairview and Clements Theme schools. Possible enrollees will be referred for an assessment of language skills, and if eligible for services, will be assigned to one of these three schools depending upon the student's place of residence.

FIELD TRIP EXPERIENCES

The school faculty and staff support and encourage field trips that are educationally sound. If a child is scheduled for a field trip, the parent or legal guardian will be required to sign a slip granting permission for participation. These permission slips are maintained on file at the school. Teachers planning field trips may request a monetary donation. Field trip experiences will not be denied a student whose parents do not make a donation. **Note that our policy does not allow children to ride the bus who are not enrolled in our school or in the participating class's field trip. Children not enrolled in the participating class are not allowed to attend field trips. Only chaperones registered with the school are allowed to attend the field trip.**

FIRE and TORNADO DRILLS

Fire, safety, and tornado drills are held during the year according to the school's safety plan. Teachers will instruct their students on the procedures to be followed during fire and tornado drills. Students are carefully evacuated from the building during a fire drill. Students are escorted to a designated place in the corridor during a tornado drill.

All Newton County Schools have Emergency Preparedness Plans which deal with various types of emergencies. These plans are followed in the event of other emergencies.

GRADING PRACTICES

The following chart outlines the grading practices of the Newton County School System. Progress reports will be sent home each nine weeks to notify parents of their child's current academic and social development. Teachers will schedule at least two conferences during the school year on specially scheduled school conference days to discuss a child's progress with his/her parents. Other conferences may also be requested. Please make every effort to attend conferences requested by school personnel. Each child's academic and social growth depends upon strong support and encouragement from parents!

HEALTH SERVICES

Although not full time, school nurses are provided for each school. The school nurse may make contact with parents regarding any health issues. She will not take responsibility for evaluating signs of illness or injury that have occurred at home. These should be referred to the family doctor or an emergency room.

CLINIC SERVICES for ILLNESS and ACCIDENTS

Should a situation warrant it, parents will be contacted immediately when their child becomes ill or has an accident at school. In serious situations when a parent cannot be contacted, the principal or principal's designee will request the assistance of local emergency medical personnel. Services will be provided if a medical release has been signed. Judgment in such cases is at the discretion of school authorities, and parents assume financial responsibility.

At the beginning of the year please return the emergency authorization form to the teacher. Please keep all telephone numbers current, the name of a contact person for emergencies and their current number on file in the office.

CLINIC SERVICES and MEDICATIONS

Children who become ill at school will be cared for in the designated clinic area. If necessary, simple first aid procedures will be administered. Emergencies will be handled appropriately and parents will be promptly notified.

For **Prescription Medicine**, the parent/legal guardian must complete an authorization and instruction form entitled "Authorization to Give Medication at School." A physician must also sign this form for all prescription medicine given longer than two weeks. A new form must be completed and signed by parent/legal guardian, and/or physician, any time there is a change in medication or dosage.

Medicine shall be provided to the school in the original labeled container containing the student's name, doctor's name, and contents. Free samples provided to parent/ guardians by physicians must be in sealed packages and accompanied by written directions from physicians and authorization from the parent/guardian for administration.

Controlled drugs should be delivered by a parent, and counted upon arrival and accounted for weekly.

In accordance with state law, some students may be allowed to carry and self-administer their own asthma medication. This should be implemented after assessment of the child's age, independence, competence in self-care, and with the approval of parents and healthcare provider. The form "Authorization for Student to Carry a Prescription Inhaler" must be completed.

For **Non-Prescription medicine**, parents/guardians must provide routinely administered non-prescription drugs in the original container along with the appropriate signed authorization form giving school staff complete instructions as to how it is to be administered. No over-the-counter medicines will be provided by the school except for emergency situations as deemed appropriate by the school nurse or principal's designee. These shall be administered according to parent/guardian instructions.

As long as prescribed and/or over-the-counter medicine is administered in accordance with the schedule/directions as described by the parent/guardian and/or physician, the Newton County Board of Education is released from any liability in the event of injury or adverse effects to the child as a result of the administering of such medication.

COMMUNICABLE DISEASES

School nurses can screen for some of the contagious or infectious diseases listed below and may call parents to pick their children up from school if one of the diseases is suspected. Children having any contagious or infectious disease should not return to school unless cleared by the family physician or Health Department. The following conditions should be considered communicable; although all are not of a serious nature. Parents should notify the school if their child has been affected by any of these for advice on readmission to school. Parents of students in classrooms affected by a student with a serious communicable disease, as determined by the school nurse or administrators, will be notified of concerns.

Lice (pediculosis)	Meningitis	Chicken Pox (Varicella)
Poliomyelitis	Scarlet Fever	Pink-Eye (Conjunctivitis)
Strep Throat	Hepatitis	Ringworm
Mononucleosis	Scabies	Worms or Parasites
Measles (Rubella)	German Measles	Impetigo/Staph Infection
T.B. (Tuberculosis)	Mumps	Whooping Cough (Pertussis)
Fifth's disease	Influenza	

HEAD LICE

Students who have head lice (pediculosis) are to be sent home from school. After treatment and before re-entering school, **the student accompanied by a parent/guardian**, will be cleared by a school official to make certain that the student is free of all infestation and any remnants, including dead nits.

If the student's head is still suspect, he/she will not be allowed to re-enter school. However, if the child has not been cleared to re-enter on or before the third (3rd) school day from the date he/she was sent home, the matter will be referred to the School Social Work Department. Referrals will be made to the School Social Work Department for repeated cases of head lice.

Parents of students will be notified when there are multiple outbreaks of head lice within a classroom.

HOSPITAL/HOMEBOUND STUDENTS

A student who has a medically diagnosed, non-communicable condition which restricts him or her to home or a hospital for five or more school days may be eligible for hospital/homebound instruction. Please contact the school principal or assistant principal for further information regarding this program.

IMMUNIZATIONS

The Newton County School System, in accordance with the Georgia Department of Human Resources, requires all students entering a Georgia public school to have the following immunizations:

Diphtheria	3 doses	
Tetanus	3 doses	
Pertussis	3 doses	
Pneumococcal		Dosage depends on age of child (Pre-K)
Polio	3 doses	
Hepatitis B	3 doses	
Varicella	2 doses	
Measles/Mumps/Rubella	2 doses	

All parents must show valid proof of such immunizations. Immunizations must be recorded on form 3231. Shots may be secured from the Health Department or a private physician. For additional information, contact the school principal or the county school nurse at 770-787-1330.

HEALTH STUDIES

Instructional units on human growth and development are taught in fifth grade classes as a part of the state of Georgia required health curriculum. It is the right of parents to opt their children out of human growth and development units of study. A letter will be sent home to parents prior to this instruction. If there are concerns or questions, please contact the school principal or assistant principal.

HONOR ROLL

Third, fourth, and fifth grade students are eligible for honor roll recognition at the end of each semester. The "All A" honor roll contains the names of students who have achieved an average semester grade of "A" in all designated subjects and an average of "S" in all areas where such grades are recorded. The "A/B" honor roll contains the names of students who have achieved at least one average semester grade of "A" and all remaining average semester grades of "B" or better. To qualify for the "A/B" honor roll and an average of "S" must be achieved in areas where such grades are recorded.

Handwriting grades are not considered when determining honor roll eligibility. However, all other subject area and conduct grades are used for determining eligibility.

Students in kindergarten, first, and second grades are evaluated using a scale (3, 2, 1 and S, P, N) to judge their attainment of curriculum content objectives. Early childhood is a time to develop and strengthen a child's academic, social, and emotional growth. Development of strong self-esteem is of primary importance during these years. Therefore, students in these grades are recognized for their individual achievements on a continuing basis instead of an honor roll listing.

KINDERGARTEN ROUNDUP and PRE-KINDERGARTEN REGISTRATION

During early spring, parents of first time kindergartners are requested to bring their incoming kindergartners for registration at roundup activities. To be eligible for kindergarten, students must have reached their fifth birthday on or before September 1 of the school year in which they intend to enroll. The school will notify parents of the registration date in the spring. Please bring to kindergarten registration: (1) the child's state certified birth certificate, (2) appropriate immunization record, (3) social security card, and (4) two proofs of residence as stated on page 3 of this handbook. Policy requires that these documents be on file for every student enrolling in the Newton County Schools.

The registration process takes approximately two hours. Each child will be given a hearing and vision screening and a simple academic assessment. Questions regarding spring roundup may be directed to the school principal or the Elementary Curriculum Director (770-787-1330).

Pre-kindergarten registration is also held in early spring. To be eligible for pre-kindergarten, students must have reached their fourth birthday on or before September 1 of the school year in which they intend to enroll. Limited slots are available at each elementary school (with the exception of Fairview Theme School) requiring the selection of children via a lottery process. Registration documents required for enrollment in pre-kindergarten are the same as outlined above.

MAIL, TELEPHONE CALLS, or GIFTS

In order to maintain a school climate focused on learning, the school discourages disruptions of any kind. Disruptions by the receiving and distributing of items for students in the school and/or on the bus are prohibited. Mail, telephone calls, or gifts (including flowers, balloons, etc.) for students will not be accepted at school. If these items are sent to the school, they will be returned to the sender at that individual's expense.

NOTIFICATION OF PROFESSIONAL QUALIFICATIONS

At the beginning of the school year under requirements of the No Child Left Behind Act, the parent/guardian of a student attending a school receiving Title I funds may request information regarding the professional qualifications of the student's classroom teachers, including, at a minimum, the following: the qualifications and licensing criteria for the grade level/subject areas taught; the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher; the field of discipline of the certification or degree; and whether the child is provided services by paraprofessionals and, if so, their qualifications. Notice will be given to a parent when a child has been assigned a teacher for four or more consecutive weeks for instruction who is not highly qualified.

PARENT-TEACHER CONFERENCES and CLASSROOM VISITS

At least twice during the year each parent will be contacted by the child's teacher to come to school for a conference. For the 2009-2010 school year, parent-teacher conferences are scheduled for September 17-18, 2009 and February 4-5, 2010. Please make every effort to attend these conference appointments. (See this school year's calendar in this handbook for dates). Remember each child's success in school greatly depends upon parental involvement and concern. School administrators and teachers are also available throughout the year, if additional conferences are needed. Please call ahead for an appointment for a conference. The Newton County School System has specific procedures for parents to follow if they wish to visit in their child's classroom. Please review these procedures in the System Elementary Handbook on page 26.

PROGRAMS in GIFTED EDUCATION

The Newton County Schools offer educational services for identified gifted students through the Quest program. Quest services are available in kindergarten through twelfth grade

for students who meet the state eligibility requirements. Students may be referred for consideration for Quest placement by teachers and/or parents.

PROGRAMS in SPECIAL EDUCATION

The Special Education Department of the Newton County Schools provides a complete range of programs and services for students with identified special needs. Special services are available from pre-school through high school for eligible students who are handicapped emotionally, and/or intellectually, and/or physically. Eligibility procedures include initial screening and further educational/psychological testing to determine program eligibility and the type and amount of help needed when eligible.

Special attention is provided to meet the needs of individual students while working closely with the parent(s). An individual education plan (IEP) is formulated for each eligible student. Individual plans consider the types of services and personnel required, each student's learning style, motivational factors, and environmental factors.

Instruction is provided on site in resource rooms or self-contained classes or at alternative school sites. Questions regarding these special services should be directed to the school principal or assistant principal.

PROMOTION/RETENTION/PLACEMENT POLICY

In accordance with State Board of Education Policy, the Newton County Board of Education enacted Policy IHE-Promotion-Retention effective the 2004-2005 school year. The policy states that the promotion, placement or retention of a student will be based on standards and criteria outlined in the policy and the regulations designed for its implementation. Statewide standards, criteria, and appeal processes specific to grade three were implemented beginning with the 2003-2004 school year. For grade five, the statewide standards, criteria and appeal process were implemented during the 2004/2005 school year. The school principal or designee will annually notify parents/guardians of the specifics of the policy and its regulations for individual student promotion, placement, or retention.

FAMILY APPLICATIONS FOR FREE AND REDUCED PRICE MEALS

If a parent/guardian believes their family/child qualifies for the free/reduced price meal benefits, one family free/reduced meal application must be completed. **PLEASE COMPLETE ONLY ONE APPLICATION FOR THE FAMILY THIS YEAR – BE SURE TO LIST ALL STUDENTS ENROLLED IN NEWTON COUNTY SCHOOLS AS WELL AS ALL OTHER FAMILY MEMBERS ON THE SINGLE FAMILY APPLICATION. EXCEPTION: A SEPARATE FORM MUST BE COMPLETED FOR EACH FOSTER CHILD IN THE FAMILY.**

Family applications for free and reduced meals are available at each school office or cafeteria and are sent home to every household at the beginning of the school year. **A new family application must be completed for each eligible family each school year.** Even if the child/children were determined eligible for the benefit last school year, a new application must be completed for this school year. Applications may take up to ten (10) working days to be processed after they are received in the School Nutrition Program Central Office. **Please send money to pay for meals until written notice is received that the application has been approved. Parents/guardians are responsible for all charges incurred during this review period.** Meal benefits are not determined at the school, and parents/guardians are responsible for the price of meals until notice is received that the student has been approved for free or reduced meals.

MEAL CHARGES

Students will be allowed to charge school meals up to the approved limit of three (3) meals (up to \$4.75 for paid meals and \$1.20 for reduced price meals). Parents will be notified of low

balances (below \$5.00) and negative balances two times per week by telephone call from the School Messenger system. If School Messenger calls do not reach an active telephone number, a letter will be sent home with the student on Folder Day.

Students will not be allowed to charge extra milk, extra entrees, ice cream, or any type of a-la-carte item. Students may not purchase milk, ice cream or any extra food items if they have charges on their account.

The School Nutrition Program Manager can provide parents/guardians a student's meal history and account information on the telephone or by letter sent home with the student. Student meal history and account information is also available through www.mealpayplus.com at no charge to the parent.

NON-SUFFICIENT FUNDS AND OTHER RETURNED CHECKS

In the event the cafeteria receives a returned check due to Non-Sufficient Funds (NSF) or a closed checking account, Envision Payment Solutions (Check Approval Service) will charge a \$37 processing fee. Envision Payment Solutions is the check security system for many stores like Kroger, Wal-Mart, Target, etc. Repayments must be made with cash, money order or cashier's check to Envision Payment Solutions, **3039 Premiere Parkway, Suite 600, Duluth, Georgia 30097, telephone number (770) 709-3000**. If two checks are returned for any non-payment reason, neither you nor your spouse will be allowed to pay for your child/children's meals with a personal check at any Newton County School System Cafeteria for the remainder of the school year. **Any money that is paid to the school cafeteria when the student has a returned check charged to his/her account does not pay the returned check. It simply puts money on the student account to enable the student to purchase a meal.**

In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability. To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call (800) 795-3272 or (202) 720-6382 (TTY). USDA is an equal opportunity provider and employer.

SCHOOL INSURANCE

The Newton County School System does not provide accident insurance for students. Parents/guardians have the opportunity to buy accident insurance from the Board approved insurance carrier. This policy pays for accidents regardless of any other accident insurance coverage parents may have on a child. School time coverage is for school hours and travels directly to and from school. Twenty-four hour/ twelve month coverage affords year round protection. This insurance is transferable should a student move to another school. Information concerning school insurance programs is sent home at the beginning of the school year.

SCHOOL SOCIAL WORK SERVICES

School social work services are offered to all Newton County students, parents, and school staff. Requests for services are made by referral. School social workers assist both parents and students with problems related to attendance, health, behavior, economic or social problems and hospital/homebound activities. Social workers coordinate the referrals to other community agencies when necessary.

SEXUAL HARASSMENT

As part of the mission of the Newton County School System, it is our goal to provide a positive school climate for every Newton County School student and teacher. Sexual harassment creates a hostile learning environment and will not be tolerated in our schools. In fact, sexual harassment is a form of discrimination expressly prohibited by Title IX of the Education Act of 1972. The Newton County School System has defined sexual harassment as unwanted sexually oriented words, actions, or gestures that cause discomfort to the person to whom they are directed. During the coming year, each child will be informed of age-appropriate behaviors expected while at school. The child will also have explained to him or her the consequences of sexually harassing others. These consequences may include: a) a verbal reprimand, b) a note sent home to parents, c) a visit with the school counselor or psychologist, d) detention, e) removal from extra-curricular activities, and f) a formal complaint being filed with the system Title IX coordinator. In extreme cases, suspension or the contacting of juvenile authorities may result. See Rule 71 of the Handbook.

STUDENT PUBLICITY RELEASE

The Newton County School System is very proud of the students and staff in the schools. Throughout the year, newsworthy and notable events of interest are shared with the community and other educational agencies to honor school and student performance. Student art, literary, and audio/video productions, which may or may not include the student's photograph, are used to publicize school and/or student achievements. Various types of student work (e.g., creative writing, artwork, slide presentations, multimedia projects) and student photographs (groups or individuals) are presented in media.

Home addresses, telephone numbers, or other personally identifiable student data are not published or released in press releases, newsletters or websites. **However, please note the school system cannot control the inclusion of students in photographs of large group settings covered by the public news media, such as school assemblies, plays, parades, athletic or other extracurricular events. Please see pages 46 for excluding a child from appearing in photographs for news media release or on the website.**

STUDENT SUPPORT SERVICES

Each school has a Educational Behavioral and Instructional Support (EBIS) team and a Student Support Team (SST) established to review referrals of students experiencing academic and/or behavioral difficulties. The committees may be composed of the school principal or assistant principal, teachers, school counselor, psychologist, and other appropriate school personnel. Both teams assist classroom teachers in identifying the needs of referred students, planning alternative instructional and/or behavioral strategies, and serving to determine the promotion/placement/or retention of a student.

TESTING

Students in the Newton County School System experience various forms of standardized and teacher-made tests. Discuss with the child's teacher the types of tests the child will encounter during the school year.

The State of Georgia has a mandatory testing program that includes testing for kindergarten through fifth grade students. Kindergarten children are tested with the Georgia Kindergarten Inventory of Developing Skills (GKIDS). Students in selected grades will take the Iowa Tests of Basic Skills (ITBS) in the fall. Students in grade two will take the Cognitive Abilities Tests. Additionally, third and fifth grade students will be assessed in writing development with a state designed writing assessment. Students in grades one through five will be given the state mandated Georgia Criterion-Referenced Competency Tests (GCRCT).

NOTE: The GCRCT is the promotion test in grades three and five. Third grade students must pass the reading portion and fifth grade students must pass the reading and mathematics portions.

TEXTBOOKS

Textbooks are issued to each student when appropriate. All books should be treated as borrowed school property and given the appropriate respect. In case of loss or damage to textbooks, the parent/guardian must pay for the lost or damaged book according to a fixed scale.

TITLE ONE PROGRAM

Title One is a federally funded program designed to provide additional educational services in designated schools to students in the area of reading and math. Students are selected for program services based on multiple criteria that include standardized test scores, grades, and teacher recommendations. A Title One teacher works with identified students to provide extra instruction in each student's area of weakness. These teachers carefully plan with the student's regular classroom teacher to provide a well sequenced, balanced, and timely improvement program.

Parents of Title One students are encouraged to become involved in Title One parent activities held throughout the year. Questions regarding Title One program services may be directed to the school principal or the Director of Federal Programs (770-787-1330).

VISITORS

Parents/guardians are welcome as visitors in the Newton County schools. For safety reasons and for safeguarding of the instructional time in the classroom, all visitors are required to report to the front office upon entering the school building. Visitors will be required to sign in and obtain a visitor's pass. Parents/guardians who wish to visit in their child's classroom must make arrangements **with the principal in advance of the requested visit. While visiting in the classroom, parents also are required to follow any directions from the principal and/or the principal's designee.** Failure to comply with directions can result in a parent/guardian being asked by an administrator to leave the classroom and the school. Siblings are not allowed in the classroom while the parent observes or volunteers in the classroom. Upon leaving the school, visitors should report back to the office to sign out and return their visitor's pass.

WITHDRAWING A CHILD

Please contact the child's teacher or the school secretary before the child's last day of school. Also inform the teacher or secretary of the child's future destination. All outstanding fees must be paid and the child must return all textbooks and library material before his/her withdrawal is complete. Each child will take a copy of the withdrawal slip to his/her new school. All records will be forwarded at a later date upon notification of enrollment from the receiving school.

Character Education

The Newton County School System realizes that character education is vital to the development of the whole child. Each of the schools—elementary, middle, and high—supports the character education legislation adopted by the Georgia legislature and will work to supplement the efforts of the home and community to help mold and develop good character in our students.

As stated in Georgia law, Code Section 20-2-145, character education “shall focus on the students’ development of the following character traits”; however, most schools have added additional traits to those taught in their respective schools.

DISCIPLINE SECTION

The Newton County Board of Education operates on the philosophy that all students have the right to learn. Additionally, the Board believes that students should be responsible for their behavior and should be in attendance and on time for school. Students are to respect constituted authority, which includes following school procedures and obeying school rules and regulations. Additionally, discipline is a partnership between the home and the school. The Board anticipates that parents will be concerned and cooperative in dealing with any behavioral problems which may arise.

Developing within the student a healthy self-discipline and for the school a positive school climate involves the use of natural, logical and realistic consequences; a simple structure; reasonable rules; as well as the labeling and accepting of feeling. For this reason, the Board of Education annually approves codes of conduct which include rules and procedures based on local and state laws and policies. The student disciplinary rules and procedures are developed by the administration with input where appropriate from students and parents. These rules are age appropriate, delineate standards of behavior and provide for progressive dispositions where appropriate.

To promote better discipline, school personnel are encouraged to use preventive measures such as, but not limited to, conferences, counseling, school social worker referral and Student Support Team referrals. Misbehavior governed by the code may occur during school hours, outside school hours, on school grounds or campus, off school grounds or campus, at school-sponsored activities whether on or off school grounds/campus, and/or on school-sponsored transportation.

Disposition or disciplinary action taken is intended to show the student how/he/she has ownership of the problem, to help the student formulate ways to prevent the problem from recurring, and to inform the parents of the misconduct. The administration is authorized to use a variety of corrective measures including, but not limited to, student and/or parent conferences, mediation, detention of the student with a teacher or administrator, in-school suspension, or out-of-school suspension to provide for a safe learning environment. Serious behavior problems, which could result in long-term suspension or expulsion, require a hearing before the Disciplinary Tribunal Panel. Student behavior which violates state or federal laws as specified in O.C.G.A. 20-2-1184 will result in a report being filed with the appropriate police authority and district attorney.

School administrators may, at their discretion, require a student and his/her parent(s) to sign a behavior contract as a prerequisite for enrollment. All students deserve and have the right to a quality education. All teachers deserve and have the right to teach in an appropriate environment. Parents, students, teachers, and the principals working together can make this a reality and the quality of instruction can improve.

SCHOOL WIDE BEHAVIOR EXPECTATIONS

Students are expected to show respect to adults and each other.

Students are expected to show respect to the school's and each individual's property.

Students are expected to move quietly and in an orderly manner in the building at all times.

CLASSROOM RULES

All teachers develop a formal discipline plan at each grade level showing steps they will take to handle disciplinary problems. Discipline procedures are designed to teach two very important concepts:

- Certain behaviors are undesirable and should be avoided.
- Certain behaviors are desirable and should be repeated.

The foundation of this plan is the following of school-wide classroom rules and consequences drawn up by a committee of parents, teachers, and administrators.

School-Wide Rules

1. Respect yourself, others, and their property.
2. Stay in your seat or assigned area.
3. Listen, follow directions, and complete all work.
4. Refrain from disruptive behaviors in class.
5. No physical contact - keep hands, feet, and other objects to yourself.

STUDENT BEHAVIOR

TO STUDENTS:

The school exists to provide each student with comprehensive educational opportunities. It is the desire of the teachers, administration, and other staff members that each student should have every opportunity to take advantage of the instructional programs offered. To assist in knowing what behavior is expected of, a behavior code has been developed to inform all students of the actions which violate school rules and the consequences of those actions.

Students should:

- attend school daily and be on time
- be prepared to come to class with appropriate working materials
- be respectful to all individuals and property
- refrain from PROFANE, INFLAMMATORY, OR RACIST statements
- act in a safe and responsible manner
- be responsible for your own work
- abide by the rules and regulations of the school and each classroom teacher
- seek changes in an orderly manner

TO PARENTS:

Parents must accept the responsibility for providing the important early training that every child needs in preparation for the formal education that begins in pre-kindergarten, kindergarten, or first grade. Parents should strive to provide children with basic training in good conduct, respect for other persons and property, and positive attitudes about learning. Parents share the responsibility to keep lines of communication open between home and school, to be informed of all facts before taking concerns and complaints to the proper person, to be supportive of the teacher, and to encourage positive attitudes in the student toward school and learning. School administrators cannot disclose to a parent/guardian how a child that is not theirs was disciplined.

Parents should:

- regularly communicate with the school authorities concerning their child’s progress and conduct
- insure that their child is in daily attendance and promptly report and explain an absence or tardiness to school
- provide their child with the resources needed to complete class work (pencils, pen, paper, etc.)
- assist their child in being healthy, neat, and clean
- bring to the attention of school authorities any problem or condition which adversely affects their child or other students of the school
- discuss report cards and work assignment with their child
- maintain up-to-date HOME, WORK, and EMERGENCY telephone numbers at the school including doctor preferences, an emergency health care form, and current home address
- cooperate with the school in terms of completion of homework assignments.

DISCIPLINE DEFINITIONS, RULES AND DISPOSITIONS

DEFINITIONS

A. STUDENT TIME OUT PROGRAM (STOP) / IN-SCHOOL SUSPENSION PROGRAM (ISS)

Placement in STOP/ISS is the removal of students from their regular classes for a period of time to a highly structured, supervised area. Parents will be notified by phone or letter when students are assigned. Students are counted present for school attendance and are provided individualized assignments from their regular classroom teachers. Students who fail to abide by the rules and regulations of STOP/ISS may receive additional STOP/ISS time, be suspended from school, or be terminated from the program. This suspension will be separate from, and in addition to, any days already served in STOP/ISS. Any absences during an STOP/ISS assignment will be made up before the student returns to the regular classroom.

Students will bring basic learning supplies (including all textbooks and folders) to STOP/ISS, will do assigned work quietly in their seats or wherever appropriate, will show respect for themselves and others, and will obey all school rules and regulations.

B. OUT-OF-SCHOOL SUSPENSION

Out-of-school suspension is the removal of students from school for a specified period of time. Students are not allowed on campus during the school day nor are they allowed to attend any school function during the period of suspension. A parent conference is required for any out-of-school suspension. A parent conference must be held prior to the student’s re-entering school.

1. **SHORT-TERM SUSPENSION** - Removal of student from school and all school-sponsored activities, including classroom attendance, for not more than ten school days.
2. **LONG-TERM SUSPENSION** - Removal of student from school and all school-sponsored activities, including classroom attendance, for more than ten days but not beyond the current semester.
3. **EXPULSION** - Removal of student from school and all school-sponsored activities, including classroom attendance, beyond the current school semester.

4. **SUSPENSION TO A FORMAL HEARING** - The hearing of all charges and evidence against a student for discipline offenses by a tribunal appointed by the Superintendent of Newton County Schools. Parents are sent written notification through the mail of the charges, witnesses, and date/time of the hearing. Disciplinary action taken by the hearing panel may include, but is not limited to, short-term suspension, long-term suspension or expulsion. If a student is returned to school after a Tribunal Hearing or the acceptance of the waiver option during the school year, the student returns under probationary status for the remainder of the school year.

An administrator, at his/her discretion, may choose to offer a waiver of hearing to a student suspended with a charge(s) for violation of the rules and regulations of the Newton County Schools. The parent/guardian will be given written notification by letter of the charges and formal hearing options—either a waiver with acceptance of disposition or formal hearing before the Tribunal Hearing Panel.

5. **MAKE-UP WORK FOR SUSPENDED STUDENTS** - A student under suspension will be allowed to make-up work, but will not be allowed to receive full credit. For each graded assignment, the numerical grade earned by the suspended student shall be recorded after make-up, but in no case shall the grade given be higher than 70. If the work is not made up by the student in the time specified by the teacher, a zero shall be recorded for assignments that were to be graded. Furthermore, if a student refuses ISS resulting in a suspension, that student will receive a zero for any graded assignment.

C. SUSPENSION FOR PARENT CONFERENCE

For a disciplinary reason a student may not be allowed to attend school until a parent conference is held as specified by the administrator on the referral. It is not necessary for students to miss any school time provided a parent/guardian complies with the conference request. A phone conversation or a personal parent conference may be required.

D. AFTER SCHOOL DETENTION

Students may be detained by a teacher or school administrator before or after school. Notification at least twenty-four hours in advance is sent with a student to his/her parents regarding the date(s) and time(s) of detention. Any student assigned detention must spend his/her specified time within the designated area.

E. OTHER DEFINITIONS:

2. **SELLING** - No items may be sold on campus without permission of the administrative staff. In addition, students are not allowed to sell, swap, or buy anything from other students while at school or on the school bus. All such items and money will be confiscated. Any recording, broadcasting or playback equipment/materials brought for use for student instructional purposes/presentation in a specific class are permitted only after teacher/administrator approval. USE OF COMPUTER/COMMUNICATION RESOURCES - Board of Education Policy IFBG establishes guidelines for use of computer resources and networks of Newton County Schools.

The Newton County School System maintains an electronic network (EN) that includes local and wide-area networks as well as access to worldwide networks such as the Internet. Access to the EN, as well as the hardware and software that support access, is conditional upon following all federal and state laws as well as Newton County School System's policies pertaining to this use. The EN and all hardware and software that support it are the property of the School System, and shall be used solely in support of the School System's instructional and administrative programs. Use of this property is a privilege that may be discontinued at any time.

The EN should be used only in a responsible, ethical and lawful manner. Any unauthorized use of the EN or any failure to comply with the local and system-wide provisions relating to use of the EN will be grounds for loss of EN access and other disciplinary and/or legal action.

The vision of the Newton County School System for the academic use of computer technology is to facilitate technological communication in support of learning, teaching, and research. The use of computing resources provided by the district is a privilege, not an absolute, personal right. This privilege is conditional on an individual's compliance with state and federal laws, county policies and procedures, and computing network etiquette. Any violation of Board

policy may result in loss of school-provided access to the Internet. Additional disciplinary action may be determined in keeping with existing procedures and practices._

The Newton County Schools shall use technology protection measures that block or filter Internet access to Internet sites not in accordance with this policy. Blocks or filters may be disabled by an authorized staff member for bona fide research purposes conducted by a student or an employee that supports the educational mission of the school system. All unblocked websites must be authorized by the Assistant Superintendent for Curriculum and Instruction or his/her designee.

This policy establishes guidelines for what constitutes use of the computer resources and the networks of the Newton County Schools.

Students and employees will receive the privilege of using the computer resources in support of academic activities. If the student's parent/guardian chooses not to allow the student to access the computer resources of the Newton County School System, the student's parent/guardian must sign an opt out form, and return this form to the school.
