On March 8, 2010, the Clements Theme School administration and the Trailblazer Community Council (the PTO for the Theme schools) PR Committee will present a 2010-2011 Clements Preparatory Academy Informational Forum. The purpose of this session is to provide potential Clements Theme School parents with a unique opportunity to meet and dialogue with administration, staff and parents who have worked diligently to ensure academic success at Clements Theme School.

We believe this forum will give parents a chance to see the positive enhancements that have taken place at Clements this school year as well as those on the horizon for next school year. It will also offer parents the opportunity to meet leaders of the parent council.
