

Mission Statement

The mission of Livingston Elementary school is to foster a community of students, parents, and teachers focused on learning.

Vision Statement

The vision of Livingston Elementary centers around the heart of the mission statement: To foster a community of students, parents and teachers focused on learning. An altruistic environment will foster an air of excitement and motivate all stakeholders to learn and serve each other and the community. A strong mentoring program, parent/teacher education seminars, collaboration and communication among stakeholders, and adequate resources (materials, space, and faculty) will form true partnerships, build mutual understanding, and provide for greater consistency for the students of Livingston.

Belief Statements

- Students are capable of reaching their full potential in an emotionally and physically safe environment which includes high expectations with consistent behavior management.
- All students can learn when given appropriate opportunities.
- Instruction must be differentiated to address students' varying needs.
