

Fall Webinars are accessed through Elluminate Live
Directions on how to watch a recorded session

1. Go to this website:

<http://elluminate.gavirtualschool.org/doi/>

This brings you to Elluminate Live Manager

2. You will see a calendar on the right side of the screen. Click on the date you need to watch. (Ex: Oct 3) Bottom of screen shows sessions available. Click on “RECORDINGS” at top of page (in blue). Once you have done this, then below towards bottom of page you will see the session link, it is in blue letters (Example: [ELA CCGPS Session 1 Kindergarten-2nd grade](#))
3. Click on the session you want to watch.
4. It will bring you to PLAY RECORDING page. It will ask for email and name. Just sign on as a Guest, type in your email, then your first name.
5. Click Play Recording.

You will need to run the Active X controls when prompted. Say yes to everything that pops up and “agree” to whatever they ask. Keep in mind when you are watching a RECORDED session, you are going to see people JOIN the discussion. You don’t have to join in on this, as it is RECORDED. ☺ You are just seeing the previous logins from that session as people joined.

Directions for Watching Session “LIVE”

Professional Learning Webinars are at Elluminate Live on the Georgia Standards.Org website. GPB Professional Learning can be accessed through this link:
